5 AMERICANS PERISH ON SHIP SENT DOWN

Missionaries Lose Lives as Vessel Hits Mine Off South African Coast.

Washington, Aug. 13.—Five American passengers were lost when the American steamer City of Athens struck a mine, and went down near Cape Town South Africa on Aug. 10, according to today's state department dispatches. Ten other passengers and four of the crew were also lost, the dispatches say.

4 WERE MISSIONARIES.

The dispatches say four of the Americans were missionaries and give the names of Mr. and Mrs. Naygard, Miss Robinson and Caroline Thompson as the victims. The latter is of the Methodist Mission Board. A Mr. Pointer, of that mission was saved. Nineteen other missionaries of an organization with headquarters at 356 Bridge street, Brooklyn, N. Y., were saved.

The fifth American who was lost was a Mr Sumner, address not given.

In addition to those five, an Englishman named Duckworth with his American wife and six children, also lost their lives. Mr. Duckworth's father lives in Denver, Colo. His name has not been ascertained.

Among the saved were Mr. Sommer and wife, apparently from Meadows, Ills.; Mr. Richey, 4616 Evans Ave., Chicago; Mr. Pritchett, 1126 Rockland street, Philadelphia; David Lovas Astoria, of South Dakota; N. P. Branten, Minneapolis; Mr. Denham, an Australian with an American wife and two children, and a Mr. Smith, no address given.

SERIOUS CRISIS NEAR IN BRITISH PARLIAMENT

Resignation of Labor Leader Henderson Reveals Controversy Over Stockholm Conference.

London, Aug. 13.—A statement by Arthur Henderson, the labor leader and minister without portfolio in the British war council, who resigned on Saturday, was expected to be made this afternoon in parliament, and it was assumed that Premier Lloyd George would reply immediately.

It is reported that Mr. Henderson will demand the production of all communications between the British and Russian governments with reference to the Stockholm conference with a view to showing that the premier put a wrong interpretation on the Russian telegram he quoted in a letter to Mr. Henderson.

MAY HOLD SECRET SESSION.

If the house of commons indorses the demand a secret session is likely to be held for the communication of certain documents, reference being made in morning newspapers to a telegram, which, it is stated, Mr. Kerensky, the Russian premier, sent to Albert Thomas, French minister of munitions, declaring that the Russian government not only was not interested in the Stockholm meeting, but that Premier Kerensky himself hoped the conference would not be held.

AS TO RUSS OPPOSITION.

Russian Delegates Erlich and Rosanoff, now in London, without referring specifically to this alleged telegram, have given to the Daily News a statement to the effect that there is no evidence that Premier Kerensky and the Russian government oppose the conference, and declaring they received from the Council of Workmen's and Soldiers' Delegates less than a week ago a request to hasten arrangements for the conference. They say the communication received by the British government from Petrograd does not alter its position in the least degree, and affirm the Russian government cannot officially support the conference, but certainly does not oppose it.

SERIOUS CRISIS NEAR.

It seems to be the general opinion of parliamentary writers that things will not be straightened without trouble. The possible dissolution of parliament to ascertain the country's feelings by a general election is suggested by the Daily News, who supports Mr. Henderson, and, which says the government is approaching a serious crisis. If the labor conference to be held the 21st upholds Mr. Henderson and endorses the vote at the labor convention Friday to attend the Stockholm meeting, all labor ministers, who number seven, must withdraw from the government, the paper says.

In such circumstances, according to the premier's friends, he will immediately advise the king to dissolve parliament. On the other hand, the Daily News says that if the conference of the 21st fails to support Henderson, the crisis will be ended.

PRESS COMMENT.

London, Aug. 13—Commenting on the decision of the British labor conference to send delegates to the Socialist meeting at Stockholm, Vorwarts, the Socialist organ of Berlin says, according to a dispatch to the Exchange Telegraph Company: "We hope when the delegates arrive that they will understand their mission in quite a different spirit from that indicated by Henderson. They must understand that it is impossible for them to preach a continuation of the war by giving German minority Socialists additional evidence against the German government. One single discussion with the Germans will show the English how naive they are. This is an advantage we hope for in the coming discussion. Therefore we rejoice in this step forward. It cannot remain the only step."

BERLIN EDITOR'S VIEW.

Amsterdam, Aug. 13—The Berlin Lokal Anzeiger says the decision of the British Labor Party will not alter anything regarding the hopes attached to the Stockholm conference in view of the changes which have taken place in Russia. The paper does not believe much good will come from the program of the Labor Party, and considers the attitude of the American government more logical in refusing passports to the American delegates.

BAR BRITISHERS FROM STOCKHOLM

London, Aug. 13.—Andrew Bonar Law, the government spokesman in the House of Commons told the members of the lower house this afternoon that the government had decided that permission to attend the International Socialist conference at Stockholm would not be granted to British delegates.

Mr. Bonar Law said:

"The law offices of the crown have advised the government that it is not legal for any persons resident in His Majesty's dominions to engage in a conference with enemy subjects. Therefore, permission to attend the Stockholm conference will not be granted.

"The same decision has been made by the governments of the United States, France and Italy, with which His Majesty's government has been in communication."

GERMANS.

Amsterdam, Aug. 13.—It is stated semi-officially in the Frankfurter Zeitung that the German Socialists may decline to participate in the Stockholm conference if the Entente Socialists insist on placing upon the program discussion of the question of responsibility for the war.

FRENCH SOCIALIST FACES PROBLEM

Paris, Aug. 13.—The decision of the Permanent Administrative committee of the French Socialist party that French Socialist delegates shall go to the international Socialist conference at Stockholm, as announced yesterday, places Albert Thomas, minister of munitions, and Socialist leader, in a delicate position similar to that of Arthur Henderson, British labor leader, who resigned as minister [illegible] portfolio on Saturday inasmuch as there is a conflict between the decision of Mr. Thomas' party, and the expressed intentions of the government of which he is a member.

The general opinion expressed in the press is that nothing will come of the meetings of Socialists. The Figaro remarks that the committee's program is debatable, but that it is impossible not to recognize the patriotic intentions which inspire it. The result, it says, seems to make an impossibility of any discussion with Philipp Scheidemann and the German Socialists associated with him, in which regard it is satisfactory.

DENY DRAFT FRAUDS IN NEW YORK

New York, Aug. 13—Evidence was ready for presentation to the federal grand jury today in the cases of Louis I. Cherry and Dr. Samuel J. Bernfeld, two of the three members of Exemption Board 99, who were summarily removed from office by order of President Wilson, following an investigation by agents of the Department of Justice. The Grand Jury, it was said, also would hear evidence against Kalman Gruber, the alleged "exemption blank distributing agent," for the board.

Reports of wholesale frauds to evade the conscription act in New York City were denied today by Assistant United States District Attorney Knox. Mr. Knox admitted, however, that other boards in the city were being investigated.

2 AIR RAIDERS SHOT DOWN

23 Killed in German Raid on British Coast Town.

London, Aug. 13.—Two of the German machines which yesterday evening raided the English southeast coast watering places, were destroyed by British naval airplanes. The official statement issued by the Government today says that one of the machines was a Gotha airplane and the other a seaplane.

23 KILLED IN RAID.

London, Aug. 13—Twenty-three persons, including nine women and six children, were killed and fifty persons were injured at South End, in Essex, forty miles east of London, by bombs dropped from German raiders Sunday, says an official statement issued last night.

Considerable damage to property was caused. About forty bombs were dropped upon the town.

Twenty airplanes participated in the raid.

Bombs dropped at Margate, a seashore resort in Kent, did little damage. The statement follows:

FORTY BOMBS DROPPED.

"Enemy raiders caused considerable damage at Southend, where they dropped about forty bombs. The casualties thus far reported are:

"Killed: Eight men, nine women and six children. About fifty people were injured.

"At Rochford two men were injured but no damage is reported. At Margate four bombs were dropped. One uninhabited house was demolished, but there were no casualties."

"About 5:15 o'clock Sunday afternoon a squadron of about twenty enemy airplanes were reported off Felixstowe (in Suffolk). They skirted the coast to Clacton (Essex), where they apparently divided, a part going south to Margate (in Kent.)

"The remainder crossed the coast and went southwest toward Wickford, near which place they turned southeast and dropped bombs in the neighborhood of Southend (in Essex). Some bombs also were dropped on Margate. Our own aircraft were very quickly in the air and they pursued the enemy out to sea."

NEGRO DENTIST HELD FOR RIOT MURDER

Cleveland, Ohio, Aug. 13—An echo of the East St. Louis race riots last month was heard here today when police arrested Dr. Leroy N. Bundy, colored dentist, of that city, on a fugitive from justice charge. East St. Louis police in circulars sent through the country requested Bundy be apprehended in connection with the murder of two men during the race riots. Bundy has offices in the East St. Louis' negro district, where he practices dentistry.

Bundy denied to police that he was implicated in any violence during the riots.

CRUDE OIL SOARS TO HIGHEST PRICE

Pittsburgh, Pa., Aug. 13.—Pennsylvania crude oil today reached the highest price in more than twenty years when the South Penn Oil Company announced an advance of 15 cents, making the quotation for that grade $3.35.

JAPANESE MISSION ARRIVES IN U. S.

A PACIFIC PORT, Aug. 13.—A Japanese mission to the United States arrived here today. It was headed by Viscount K. Ishii, ambassador extraordinary and plenipotentiary and was received by a state department staff, headed by Breckinridge Long, third assistant secretary of state and by city officials.

RAISE FUND FOR PIATT TROOPS

Monticello, Aug. 13.—A committee of business men Sunday completed raising a purse of $15,000, which will be used to care for dependent relatives of members of Company C, Tenth Illinois Infantry, and to supplement the pay of the infantrymen by the state. The Monticello company is composed of sixty-five men and officers and is commanded by Captain H. C. Walsh.

The state pays $1 a day. Each man, in addition to this, will receive $1.50 a day out of the special fund.

PREACHER NAMED PRISON WARDEN

Sioux City, Ia., Aug. 13—Rev. J. R. Perkins, pastor of the First Christian church of Sioux City, was today appointed warden of the Iowa Penitentiary at Fort Madison. The appointment takes effect Sept. 1.

GERMANS HURLED BACK

Teutons Repulsed on Aisne Front in Effort to Regain Captured Trenches.

Paris, Aug. 13.—The Germans attacked last night on the Aisne front in an effort to re-capture trenches taken by the French on Saturday. Today's official statement says they were repulsed with losses.

The announcement follows:

"Between Cerny and Craonne the enemy's artillery developed pronounced activity, especially in the sector south of Ailles. The Germans attacked in vain at the point at which we captured trenches on Aug. 11. They were repulsed with losses and obtained no result.

"In the Champagne, east of Rheims, in the region of the Casque, and the Teton and on the left bank of the Meuse there were spirited artillery actions. Two surprise attacks by the enemy at Caurieres Wood and Bezonvaux were repulsed by our fire. Elsewhere the night was calm.

"Two German airplanes and a captive balloon were brought down yesterday by our pilots. Three other enemy machines were forced to land, having been severely damaged."

GERMANS CAPTURE 6,700 RUSSIANS

Berlin, via London, Aug. 13.—Field Marshal von Mackensen's forces fighting in central Roumania Saturday took more than 6,700 Russian and Roumanian prisoners and captured eighteen cannon and sixty-one machine guns. The German general staff reports that the Austro-Germans did not lose a foot of ground.

In western Moldavia the Austro-Germans stormed the village of Grozesti and also captured the dominating height positions. Bitter Russo-Roumanian counter attacks were repulsed, says the German statement, which adds that the "fresh enemy forces bled themselves to death."

A Russian attack at the mouth of the River Buzeu, northwest of Braila, was repulsed.

AUTOISTS MUST SAVE GASOLINE

Warning That Waste May Lead to Curb on Joy Riding.

Washington, Aug. 13.—Warning of the possibility of drastic action by the federal government to stop excessive use of automobiles for pleasure during the war in order that the gasoline needs of the United States and its allies may be conserved was given in a statement by Director Van H. Manning, of the bureau of mines today in which he asks the co-operation of automobile owners in stopping the practice.

MUST SAVE TO HELP ALLIES.

Enough gasoline to care for the requirements of America and perhaps of its allies will be saved, is the opinion of Mr. Manning "if automobile owners of the country will stop unnecessary and extravagant pleasure riding, and if owners and dealers handle this fuel in a careful and economic manner.

NO DILLY-DALLYING.

"A patriotic, thoughtful and unselfish response to these suggestions," he said, "would at once solve one of the perplexing problems now before the war making authorities. In order that the war may be carried on successfully, the army and navy will have to have immediately on hand enough gasoline for the aeroplanes, trucks, automobiles, tractors, and other machines. There must be no dilly-dallying about this supply of gasoline, and there won't be."

THIRD OF MEN DRAFTED TO REPORT SEPT. 5

Washington, Aug. 13—Provost Marshal General Crowder announced today that thirty per cent of the men drafted for the national army would be called to the colors Sept. 5, beginning movement on that day; another thirty per cent on Sept. 15, a third thirty per cent on September 30, and the remaining ten per cent as soon thereafter as possible.

2 KILLED WHEN I. T. S. CAR HITS AUTO

Springfield, Ill., Aug. 13.—Sol. Simerwan, 2223 Polk street, Chicago, and daughter Mollie, aged 7, were killed and his wife and 7-months-old daughter were severely injured at noon Sunday when the automobile in which they were riding was struck by an Illinois Traction System car at a grade crossing at Litchfield, Ill. The family was enroute from Chicago to Los Angeles, for Mrs. Simerwan's health.

The automobile was dragged 600 yards by the traction car. The baby, who was in Simerwan's arms, was the least injured. Mrs. Simerwan was picked up unconscious and her condition is still critical.

Simerwan carried a union card from the Chicago Sheet Metal Workers' Union No. 115.

DRAFT APPEAL BOARDS IN SESSION

Springfield, Ill., Aug. 13—Members of Illinois district appeal boards, of which there are eight in the state, gathered here this morning in the state arsenal to determine upon a policy with reference to exemption for industrial and occupational exemptions from the national army. Uniformity of action throughout the state is sought.

Questions on which the boards are undecided will be forwarded to Provost Marshal General Crowder at Washington with a request for instructions.

Every phase of the work of the district boards, it was stated, will be gone over today.

Headquarters for the boards are Chicago, Peoria, Freeport, Danville, Cairo and Springfield.

TO CREATE GRAIN CONTROL BOARD

Body Will Supervise Distribution of Wheat and Manufacture and Sale of Flour.

Washington, Aug. 13—Creation of a grain control board within the food administration to supervise distribution of wheat and manufacture and sale of flour will be announced within a few days. To the board will be delegated authority to carry out regulations governing wheat and flour, as announced last night by the food administration.

WILSON TO ISSUE ORDERS.

President Wilson will issue a series of executive orders giving the food administration powers conferred on the executive under the food control bill. The first will deal with wheat and flour, and will direct the food administration to proceed Sept. 1 with the enforcement of the regulations announced last night.

Wheat and flour are taken up first it was said today at the food administration, because the wheat crop is beginning to move, making it the most difficult problem to handle now. The movement of most other food stuffs is about the same month by month.

ELEVATOR LICENSE.

Preparation of a form of license under which grain elevators and flour mills will operate after Sept. 1 was begun today.

The government will take over this year's entire wheat crop, if necessary, in order to conserve the supply for America's fighting forces and the Allies, and reduce costs to the consumers of this country, according to an announcement of Herbert Hoover regarding the policies of the food administration of wheat, flour and bread.

NO TRADING IN FUTURES

The chief features of the program include the elimination of trading in futures, the establishment of buying agencies at the principal terminals, the licensing of elevators and mills, regulation of exchanges and the fixing of fair prices.

Although the minimum price of $2 wheat fixed by Congress, does not become effective till next year, the administration plans to exercise complete control over this year's harvest through powers conferred in the food and export control law.

GOVERNMENT'S PLAN.

The government, through Herbert Hoover, food administrator, has announced sweeping plans to stabilize the price of wheat, prevent speculation and hoarding, and to supplant "broken down marketing machinery," with government purchasing agencies for handling the whole harvest.

Beginning Sept. 1 the government will assume practical control of the wheat business of the United States through the following means:

Licensing of all elevators and mills with over 100 barrels daily capacity.

Prohibiting storing of wheat for more than thirty days without food administration approval.

Establishing of food administration agencies for purchase of all wheat at principal terminals, prepared to take the whole American harvest, and to resell wheat, in limited quantities, for export, and to domestic millers for home consumption.

Determining a fair price for the 1917 harvest through a committee approved by the president, consisting of producers and consumers, and headed by Harry A. Garfield, president of Williams college.

Using every authority of law and export control to effect universality of price basis agreed upon throughout the year without fluctuation, thus removing incentive to producers for holding wheat back.

Prosecuting with vigor all persons, whether engaged in the trade or not who hold up wheat and flour contracts.

U. S. Ganners Held On a Submarine

Capital Stirred About Fate of Americans in Hands of Germans.

Washington, Aug. 13.—The following announcement was made Sunday by the navy department:

"The Standard Oil tanker Campana, an American steamer, was sunk by a submarine on the morning of Aug. 6, 143 miles west of Ile de Re. Forty-seven survivors reached land in safety. It is believed that the captain of the steamer and four of the guards are prisoners on board the German submarine."

CAUSES GRAVE CONCERN.

Coming rapidly on the heels of the reports of the brutality in the treatment of Americans of the British steamer Belgian Prince, who were drowned after surrendering by being placed on the back of the submarine which submerged, leaving the less crew of the torpedoed craft on the submarine's deck to perish, the reports of the capture of the armed guard are viewed with very grave concern by American officials.

It is also feared that if the merchant captain is taken to a German port, along with the four members of the armed guard reported to have been captured with him, the German naval authorities may undertake to execute him, as was done in the now famous case of Captain Charles Fryatt of the British steamer Brussels, who was executed more than a year ago after summary condemnation before a German naval court-martial. Captain Fryatt was executed because it was alleged he rammed a German submarine.

BERLIN'S RUTHLESS LAW.

Germany has from time to time uttered its protest against the arming of neutral vessels and German newspapers have announced it to be the intention of the German government to execute members of naval crews on armed neutral vessels.

Whether Germany would be brutal enough to accord to American naval men, when taken prisoners, treatment other than that to which they are entitled by the laws of civilized warfare, remains to be determined.

The United States government will insist that any of its citizens or members of its armed guards captured be treated according to the laws governing prisoners of war.

13 38TH AMERICAN SHIP SUNK.

New York, Aug. 13.—The Campana, formerly the Dunholme, was built in England in 1901 and was registered at 3,313 tons gross. She was the thirty-eighth American merchant ship destroyed through the operations of German and Austrian submarines and raiders since the war began.

Thirteen of these ships were sunk before the United States entered the war April 6, 1917, and twenty-five since that time. The total tonnage of the ships lost is about 113,000 tons, including 64,000 tons sunk since April 6.

No American ships fell victims to the Central Powers in 1914 and only two in 1915 and the same number in 1916. The first American ship sunk was the William P. Frye, January 28, 1915.

MINERS' STRIKE BARS LOWER COAL PRICE

12,000 of 80,000 Mine Workers in Illinois Idle and Price Fixing of Fuel is Held Up.

Chicago, Aug. 13—A troublous setting was provided today for Chief Justice O. N. Carter when he assumed his duties as director of coal for Illinois, an appointment received last Friday from Governor Frank O. Lowden, after an agreement had been reached by him with coal operators relative to fuel price-fixing at the mine mouth.

MINERS' STRIKE HANDICAP.

Reports from over the state indicated that miners are now on a strike at twenty different places, causing a situation so acute that immediate adjustment of prices, such as was hoped to result from the efforts of Justice Carter, appears to be barred.

12,000 IDLE.

It is estimated that 12,000 out of 80,000 miners in Illinois are now striking. In order to attempt settlement of the differences a meeting is being held here today between representatives of three mine operators' associations and the executive board of the miners' union.

A conference was also held here today presided over by Justice Carter. The state Council of Defense, coal operators, miners' union, railroads and retailers are represented at the meeting which is the first held since Justice Carter assumed his duties as director of coal.

Prior to this meeting Justice Carter declined to make a statement relative to unsettled labor conditions, asserting his business was confined to fixing the price of coal at the mine mouth.

"I begin the investigation," he said, "with no fixed opinions, and have no opinions to offer at this time, either as to the labor situation, or the retailers."

NO ACTION UNTIL WEDNESDAY.

Coal operators and miners' representatives have both stated they will be unable to give undivided attention to Justice Carter's conference until next Wednesday and decisive action is not expected before that time.

MINE DRIVERS ASK $1 DAY INCREASE

Springfield, Aug. 13.—Thirty-two of the forty coal mines in the Springfield district, representing a daily output of 20,000 tons, are shut down today as the result of strikes among drivers and motormen, and 10,000 diggers are in enforced idleness.

Indications were this morning that not a single mine in the district would be in operation tomorrow.

DEMAND $1 DAY RAISE.

Dissatisfaction among the drivers and motormen, who are asking an increase in wages of 45 cents a day, or nine hours' pay for eight hours' work, today spread to all day laborers, who now demand an advance of $1 a day. Drivers at present receive $2.60 a day; motormen, $3.88, and day laborers, from $3.25 to $3.88, according to the nature of their work.

ORDERED BACK TO WORK.

Frank Farrington, president of the Illinois district, United Miners, today ordered all strikers to work, and declared there would be no wage conferences while the mine workers violated their agreement by walking out. Operators, however, said the situation had got out of the hands of the miners' officials. Such orders were issued last week, but were not heeded. Instead more strikes were called.

Farrington declared agitation by the state council of defense for lower coal prices and charges that exorbitant profits were being made by operators was responsible for the unrest.

SITUATION SERIOUS.

"The problem is very serious," declared Mr. Farrington today.

"Miners have been told by the State Council of Defense that coal prices are indefensible, and they have determined to have some of the loot."

Mr. Farrington said present prices were not "indefensible" and that the State Council of Defense had never given the operators a chance to show what the actual cost of coal production in Illinois is.

BEGINS WORK TO CUT PRICE

Chicago, Aug. 13—Justice O. N. Carter, the new coal controller of Illinois, began actual work looking to a reduction of coal prices today.

He held a conference with men representing the operators, the retailers, the railroads, mine employes and the state council of defense. Justice Carter after the conference summarized its results as follows:

1.—Public hearings to be held in Chicago next Thursday or Friday.

2.—Agreement of retail dealers to co-operate. They will confer among themselves this afternoon.

TO DISCUSS TRANSPORTATION.

3.—Calling of a conference of railroad men for tomorrow forenoon to discuss the transportation angle of the situation.

4.—Determination that hearings shall be public.

Justice Carter said that the conference today, which was only quasi-formal, developed a friendly spirit.

"We agreed," said the controller, "that our conferences shall not be in the nature of a lawsuit, with every interest fighting for itself," but on the contrary, shall be conducted in a friendly and conciliatory spirit with the good of the public always to the fore. The hearings will be public.

It was suggested that the hearings should be private in view of the possibility that the hearings might develop facts which should not become public property, but it was determined that the chances of this were slight, and that the newspapers could be relied on to co-operate in such a contingency.

"For the next few days I shall be busy examining preliminary data which those present today agreed to provide at once. I hope to finish this work in time to start public hearings by next Thursday or Friday."

At the conference the retailers were represented by C. R. Campbell, C. W. Jackson, H. N. Kendall, A. A. Bunge and I. L. Runyan, who are connected with the biggest yards in the city. C. H. Markham, president of the Illinois Central, and Claude G. Burnham, vice president of the Chicago, Burlington and Quincy railroad, represented the railroads, Samuel Insull and Levy Mayer spoke for the State Council of Defense, and Harry Fiachevich, of Springfield, for the miners. Rush C. Butler, Ralph Crews and Samuel Adams, lawyers, were present, not as representatives of the operators, but to give evidence of the good faith of the latter, who expect to name representatives to act with Justice Carter tomorrow.

REJECT OFFER TO SETTLE.

Kansas City, Mo., Aug. 13—Striking employes of the Kansas City Railways company today voted to reject an offer of settlement made to them yesterday by company officials. The stumbling block was announced as being the company's refusal to institute a "closed shop" policy.

STRIKE BREAKERS DAMAGE PROPERTY

Kansas City, Mo., Aug. 13.—Orders were issued this afternoon by Henry Hoffman, county marshal, that the 600 strike breakers held at Selsa, Mo., as a result of deportation of striking street car men here yesterday, must be moved out of Jackson County, which includes Kansas City, within the next twenty hours.

The order was addressed to Chicago and Alton Railroad and the marshal declared that, if the railroad refuses to move them, he and his deputies will do so forcibly.

The order was caused, Mr. Hoffman said, because the men were "pillaging and destroying property."

WOMAN JAILED ON OLD INDICTMENT

Mrs. Casey of Shelby Held for Bad Check.

Shelbyville, Aug. 13.—Mrs. Minnie Smith Casey, who has been absent from the county since her indictment by the grand jury in 1915 on a charge of obtaining money and goods by false pretenses, now occupies a cell in the county jail, having been arrested here by Deuty Sheriff Will Biggs Saturday. Mrs. Casey's husband, Ed Casey, who was jointly indicted with her, is still at large.

Mr. Casey is said to have attempted to utter a spurious check at the Pallard store two years ago, but the manager, John Morehead, turned it down. Mrs. Casey, according to the charges laid before the grand jury, then took the check to the Athey, Iddden and Herron store, where she tendered it in payment for some small purchase and received about $18.25 in cash and the 25 cent article.

FINDLAY POLICE FIND FORD.

A Ford automobile, stolen from M. B. Kline of Greenup at Stewardson late Thursday night, was recovered Friday night by the olice at Findlay, where the abandoned car was found standing behind the coal cribs on the right of way of the C. and E. I. railroad. The car is thought to have been stolen by the burglars who broke into the Strasburg bank, the postoffice and the stores of Chris Kircher, J. H. Wyant and the J. E. Weber comany, some time during Thursday night. Evidences of their presence were found when the various places of business were opened Friday morning.

The Strasburg State bank lost but about $5.00, which was in nickels that had not been put in the vault. The safe was not molested and nothing else was taken. All that was missing from the postoffice was a counterfeit silver dollar. The stock of stamps was not disturbed. Neither was any merchandise taken from the stores, which indicates that the thieves were after cash and nothing else.

No clue was left by the burglars, but the Illinois Bankers' association has offered a reward of $250 for the arrest and conviction of every man implicated in the burglary of the bank.

FAILED TO PAY ALIMONY.

Sheriff Sidney R. Biggs went to East St. Louis Friday night to get M. V. Parker, who it is said, has not complied with recent orders of the court to pay his wife $30 a month for the support of herself and children. The original charge against Parker was wife abandonment. It is said that after making one payment under the order of the court following his trial in the spring, Barker failed to contribute more to the support of his family.

MRS. FRAZER DEAD.

Mrs. Rebecca Frazer, mother of County Superintendent Lee W. Frazer of this city, died Thursday evening at the home of her daughter, Mrs. Belle Mitchell, in Mattoon, at the age of eighty years. Death was due to her advanced age. Brief religious services were held at the Mitchell residence Saturday afternoon, after which the funeral party proceeded to Ash Grove township, this county, where the funeral was held from the Ash Grove church and burial took place. The services were conducted by Rev. J. C. Mullins.

WED IN TERRE HAUTE.

Confiding their plans to only a close relative or two, Lieutenant Harmon L. Ruff and Miss Bertha E. Herron, both well known young people of this city, went to Terre Haute, Ind., Saturday afternoon and were married by Rev. Frank Dougherty. Miss Herron left this city on the Knickerbocker at 3:35, and was joined en route by Mr. Ruff, who recently was named first lieutenant of Company D, Fourth Illinois infantry, at Casey. Just prior to that time he had been at Fort Sheridan, having gone there as a member of the reserve officers' training camp.

Lieutenant Ruff is a son of Mr. and Mrs. George Ruff of this city, and for the last two years, except for the time spent in military duties, has held a position at Springfield with the State Game and Fish commission. For several years prior to his taking the civil service appointment he was secretary and one of the instructors of Sparks Business college here.

Mrs. Ruff is a daughter of Mrs. D. C. Herron, and has been a resident of Shelbyville for the last fifteen years. She was graduated from the Shelbyville high school with the class of 1910, then took a course in the Sparks college and at the completion of her training became an instructor.

Following the marriage at Terre Haute Saturday evening, which had been anticipated by their friends, but about which no plans had been divulged, Lieutenant and Mrs. Ruff went to Casey, where Lieutenant Ruff joined his company. Mrs. Ruff will return here in a few days. She will accompany her husband to the Houston training camp later.

CORN NOT BADLY DAMAGED.

John D. Miller motored to his farm southwest of the city Friday evening to appraise the damage his corn sustained from the wind and hail storm which swept through this section Monday. Mr. Miller was gratified to find that the corn had wrought no damage whatever, and that he has every prospect of a bumper crop. He stated also that corn all along the way is in fine condition.

A similar report was brought by S. B. Carr, who with a party of friends, motored to Stewardson on Thursday evening. Mr. Carr stated that for the entire distance, twenty-three miles, the corn crop was in the best of condition.

A little farther to the east, in the vicinity of Geys, it is reported that the corn was badly damaged, some placing the estimate at 50 per cent.

DOCTOR IN WINDSOR 60 YEARS.

Dr. C. H. Brunk is the only man now living in Windsor who was a resident of the city when he began practicing medicine there. That this is a fact is not due to his practice of his profession, but simply that he has been practicing there so long—sixty years. On Aug. 9, 1857, he opened an office in Windsor, and for most of the years since that time he has been ministering to the physical welfare of the people of that place and vicinity.

Dr. Brunk is now ninety-two years old, and enjoys remarkably good health. He is up and about every day, retains his memory and the full functions of mind and body, and is spending his last years in the enjoyment of his family and friends

FOURTEEN WOMEN SLEPT IN A ROW

In County Jail—Two More Arrests.

Two more arrests were made Sunday on charges of bootlegging. The latest to be caught in the net were Hill Erisman and his wife, Rose Erisman of 843 North Calhoun street. This makes a total of thirty arrests on that charge since 2 o'clock Friday afternoon. The first haul netted twenty-five, and there have been three arrests since. Of the twenty-eight arrested, nineteen were women, and most of them went to jail unable to give bond.

The women's department at the county jail is therefore somewhat crowded. Friday night, it is said, the women took the mattresses from the bunks and laid them on the floor close together so as to make the most of the limited supply of bed clothing, and fourteen women slept in a row.

Mr. and Mrs. Erisman left town when the raid was on Friday afternoon, but the police learned they had taken refuge in a house five miles east of Decatur. Officers Lynch, Duffey and Howley and Deputy Sheriff S. M. Holmes got into the patrol wagon at 2:30 o'clock Sunday morning and drove to the house and brought the pair to jail. Mrs. Erisman was released on $500 bond to appear before Justice Noble at 1 o'clock Aug. 20. Erisman was locked up.

CLIMB 600 FEET ON THE LADDERS

How Miners May Escape Through the Old No. 1 Shaft.

The work of demolishing the old tipple at No. 1 coal shaft is going on rapidly. A powerful derrick has been erected for the purpose of lifting out the machinery and the heavy timbers. This shaft will be used merely as an escape shaft and every thing in the way of buildings and machinery are to be removed.

Thousands of feet of rail for the mine track have been taken out. The coal is a mile and a half or two miles away from the foot of this shaft and no more hoisting will ever be done there.

There is a squeeze in the old shaft a hundred and twenty-five feet from the top but this will not prevent the use of the shaft as an escape shaft. When the squeeze came the tipple settled badly out of level so that it is dangerous. The squeeze will not be corrected but will be braced so as to make it secure.

After the buildings and machinery are removed a small house will be built over the mouth of the shaft. In case of an accident to the other shaft or other emergencies miners can escape by this old shaft. They will simply climb out by means of ladders and it will be some climb, a matter of 600 feet.

Still Lower Drop the Already Radically Reduced Prices in This Great

August Clearance Sale of Footwear

At the start of this August Clearance we offered our stocks of summer shoes at rather drastic price reductions. Now we have reduced the reduced prices. That is, we have made another "price cut" from the already lowered Clearance prices.

We are anxious to move these summer stocks out immediately to make room for the fall stocks now arriving and now on their way. To accomplish this immediate outgo we resort to very low prices. Note now the reductions from the reductions.

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story:

Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

A Mother's Guidance

The mother who advises her daughter to use "Mother's Friend" can rest assured that the crisis will be one of much less pain and danger.

"Mother's Friend" is a safe, external application for the abdominal muscles and breasts. It certainly has a wonderful influence in relieving pain, discomfort and nausea, and is a most grateful encouragement to the young woman awaiting the happiness of coming motherhood. The action of "Mother's Friend" makes the muscles free, pliant and responsive to expansion. Thus tension and strain upon the muscles and ligaments is avoided when baby arrives.

Nervousness and twitching spells and that constant strain known to so many women is avoided. "Mother's Friend" is the prescription of a famous physician and may be had at the drug store. It will surely prove of the greatest value, not only to the mother, but to the health and future of the child.

Write to the Bradfield Regulator Co., Dept. C, Lamar Building, Atlanta, Ga., for their book, "Motherhood and the Baby". It is free and is a book which every woman should have. Every expectant mother should aid nature for by so doing pain at the crisis is avoided.

I can enjoy myself again since

Resinol

cleared my skin

When my complexion was red, rough and pimply, I was so *ashamed* that I never had any fun. I imagined that people avoided me—perhaps they *did!* But the regular use of Resinol Soap—with a little Resinol Ointment just at first—has given me back my clear, healthy skin. I *wish* you'd try it!

MR. AND MRS. C. E. RODGERS and daughter, Miss Norma, and Miss Pauline Millikin have returned home from their motor trip up into Michigan. They have been away about five weeks, and traveled in that time 1,830 miles. Miss Norma did the driving. They had no car trouble and found pretty good roads everywhere.

The party went first to Chicago for a week's stay, and then went on to northern Michigan. They spent several days at Crystal Lake, near Frankfort, at the Congregational assembly. There are about 125 cottages at that place and a number of Decatur people are spending the summer there, among them Mr. and Mrs. W. B. Olds, Mrs. Eugenie M. Bacon, the Brusos, Newtons and others. Beach parties were numerous as the beach there is a beautiful one.

On the way back the party stopped at Fort Sheridan, and at Rantoul. An interesting sight at the latter place was a dozen machines in the air at one time. While, of course, they were not permitted within the aviation grounds, they had good views of the machines in the air.

Rev. C. E. Jenney went up to Chicago today to meet Mrs. Jenney, who is returning home after a month's visit at her home at Windsor, Vt.

Mrs. Forrest Pile and little daughter, Margaret, went up to Pekin, Saturday for a few day's visit to Mr. Pile's father, Daniel Pile.

Mrs. F. J. Dudley was in Cerro Gordo over Sunday, the guest of Mrs. T. J. Wimmer.

Mrs. Harold Yoder of Orange, Tex., who is here visiting her sister, Mrs. Tom Folrath, will remain in Decatur until the first week in September. Tuesday Mrs. Yoder and Mrs. Folrath will be guests of Mrs. Bert Lyon at the Fishing club.

J. R. Holt will leave Wednesday for Mears, Mich., to join his family which has been up there for some time. He will probably remain until the end of the month.

MEETINGS OF THE SOCIAL CLUBS

The Q. A. E. club will meet Tuesday evening at the home of Mrs. Frank Ducker, 454 Greenwood Ave.

The Colonial club will meet Wednesday afternoon at the home of Mrs. Lawrence Roremo 565 South Haworth avenue.

The Bonne Femme club will have a picnic at Fairview park Wednesday afternoon. The members are requested to bring thimbles and any old sheets they have to make handkerchiefs for the soldiers.

MARRIED

RHODES-HUGHES.

William L. Rhodes, of Effingham, and Miss Jennie B. Hughes, of Decatur were married Sunday morning at 9 o'clock by Rev. A. J. Jockisch at his home 1124 West Forest avenue. The bride is the daughter of Mr. and Mrs. Joseph Hughes of the Rock Springs Farm and the groom is the son of Mr. and Mrs. Enos Rhodes of Effingham.

After the ceremony the wedding breakfast was served at the home of the bride's sister, Mrs. Fred Howell, 527 West North street, and in the afternoon Mr. and Mrs. Rhodes left for Effingham, where Mr. Rhodes is employed as a clerk by the Pennsylvania railroad company.

People You Know

Mrs. Lottie Tenny and her daughter Eva, have returned to Danville after a visit here with Mrs. H. C. Hunt, 940 West Wood street.

Mr. and Mrs. J. C. Fagen of East St. Louis are visiting Mr. and Mrs. W. H. Fagen, 1155 West Eldorado street. The middle of the week they expect to go to Rantoul for a visit with Mr. and Mrs. M. Pertle and from there they will go to Champaign.

Mr. and Mrs. Lewis Shea, and Mr. and Mrs. W. B. Connelly motored to Mt. Pulaski, Sunday, and spent the day with Mrs. Connolly's aunt, Mrs. Gus Coombs.

Mrs. Ida Hoffeln and daughters Helen and Mary, 1654 North Monroe street are spending several weeks in Chicago with Mrs. Hoffeln's aunt Mrs. M. W. McHenry.

Mrs. Clarence Redford and her mother Mrs. Crouch left today for Chicago for a two week's visit with relatives and friends in Chicago.

Mr. and Mrs. Grover Crail of Springfield spent Sunday with Mr. Crail's sister, Mrs. C. H. Romanus 827 West Wood street.

Mr. and Mrs. Harry Wykoff and Mr. and Mrs. Charles Wykoff motored to Rantoul Sunday to visit the aviation field.

Miss Anna Maud Zoller has returned home after a month's visit to friends and relatives at Chicago, Lake Ripley, and Milwaukee.

Mrs. L. F. Leavenworth left Sunday for a few weeks' stay at her cottage at Kelly Lake, Wis.

Walter E. Hoots, northwestern sales agent for the M. and C. Coal company, left Sunday on a short business trip for points in Wisconsin, Iowa and Minnesota.

News from Sick Beds

Miss Jeannette White, who has been ill at St. Mary's hospital, was removed to her home, 224 North Main street, Sunday in Moran's ambulance.

Mrs. Blanche Wagenseller went to Chicago Saturday night to visit her son, Paul, at the Great Lakes naval training station. After a few days there she will go to Rensselaer and Lafayette, Ind., to visit friends.

CHRISTMAS KITS FOR SAMMIES

New York, Aug. 13. — A "Merry Christmas" for American soldiers in France is already being planned by the Red Cross, according to an announcement made by that organization in this city, which has issued an appeal for funds to purchase "a million comfort bags—and then a million more."

The appeal is from a prominent Red Cross worker in France, who says the bags must be shipped soon if they are to arrive there in time for the Christmas distribution. French soldiers also will receive these kits, each of which will contain an American flag.

DECATUR MEN IN SECOND CAMP

Eight Will Try for Commissions.

Decatur will send eight men to the second Reserve Officers Training Camp at Ft. Sheridan, according to the announcement of commissions for the men who will go into training. For the most part the men who will be in the second camp are men who are from Decatur's active business world. They are: Alex Long, Herbert Hessler, Nellis P. Parkinson, Lewis N. Fisher, Robert A. Miller, Ralph M. Tenney, W. H. Collins and William J. Armstrong.

WHO THEY ARE.

Herbert Hessler, Millikin graduate a cost accountant at the Faries Manufacturing company for the second camp. Hessler successfully passed the draft examination but will go to the camp in Ft. Sheridan instead of Rockford. He is a married man.

Alex Long, another Millikin graduate, has been teacher in the Greenville schools since his graduation three years ago. The coming year he was to have been principal of the Greenville schools. He was one of the best tennis players Decatur ever produced.

Lewis N. Fisher is junior member of the plastering firm, Fisher and Company. He is a U. of I. engineering graduate.

William H. Collins is assistant city engineer in the city offices. He promises to succeed as well in army engineering as he did in the municipal branch.

Robert A. Miller of Miller and Holbrook, engineers has been successful in his engineering work in Decatur.

Ralph Tenney, former basketball star, conference basketball official, and junior member of Tenney and Company, is one of Decatur's best known young business men.

Nellis P. Parkinson, a Millikin graduate, and secretary of the Millikin conservatory of music, is another man who has made a mark for himself since leaving school. In accepting his appointment to the camp he resigns his secretaryship at the Millikin conservatory.

William J. Armstrong, secretary and treasurer of the Decatur Coal company, resigns to accept his appointment.

REV. WM. HEYNE ON MISSOURI TRIP

St. Johannes' Pastor Will Speak at Colecamp.

Rev. William Heyne, pastor of St. Johannes' German Lutheran church, will leave Decatur Friday to be gone two weeks. He will go first to Colecamp, Mo., where he will speak at the twenty-fifth anniversary celebration of the church there. Twenty-five years ago Mr. Heyne installed and ordained down in Louisiana the man who is now pastor of the Colecamp church.

From there he will go to Minnesota and will visit in St. Paul and attend a conference at Red Wing.

Rev. P. P. Germann will occupy the pulpit at St. Johannes' church during Mr. Heyne's absence. The services yesterday were well attended. The evening service was in English.

Today Mr. Heyne goes to Springfield to attend the hospital board and college board meetings.

A joint meeting of the trustees of St. Paul's and St. Johannes' churches will be held Wednesday night at the church.

FIRST UNITED BRETHREN

The man who is not willing to do his part, and the man who feels that he is not getting a reason were both strongly denounced by Rev. S. E. Long at the service Sunday morning of the First United Brethren church. The music at this service was furnished by a quartet composed of Robert Gibson, C. W. Mapes, N. H. Welsh and T. G. Ruthrauff.

The evening sermon was another of the series on the Second Coming of Christ.

The Men's Bible class and the Ladies' Aid society will meet Wednesday evening at the home of Abram Kramer, 612 North Main street. As Mr. Kramer is the oldest member of the church and the only charter member of the church who is living, a large attendance is expected.

The prayer and Bible study meeting will be held at the church Thursday evening.

FUNERALS

The funeral services of J. F. Montgomery will be held from the residence, 942 Lincoln avenue, Tuesday afternoon at one o'clock. Following this service the body will be taken by automobile to the Ridge cemetery west of Maroa, where another service will be held.

ORLANDO C. STAFFORD.

The funeral of Orlando C. Stafford was held at 3 o'clock Sunday afternoon at the family residence, 1034 West Main street. There was a large attendance, the house being filled with friends.

The services were conducted by Charles Stewart, reader of the First Church of Christ, Scientists, of which Mr. Stafford was a member.

There were many beautiful floral tributes, in charge of Mrs. Dessie N. Johnston, Mrs. Eileen Lawson, Miss Pauline Hurd, Miss Blanche Canode and Miss Beata Stine.

The pallbearers were O. W. Cannon, T. A. Cassell, John W. Hamman, Al Sawyer, Herbert Bus ahnd Frank Stevenson. The interment was in Greenwood.

128 ADDED MEN CALLED AT TUSCOLA

Tuscola, Aug. 13. — The Douglas county exemption board notified an additional 128 men on Saturday to appear before the board for examination on Thursday and Friday of this week, in squads of 64 each day. The members of the board do not anticipate that any considerable number of these men under this latest notification will be needed to fill out the quota of 86 yet due from this county but they are to be examined and held in readiness, so that there will be no delay in completing the number.

Under the government instructions 200 per cent of the number required to fill the quota were summoned for the first examination which took place last week. That included the first 172 numbers drawn for the county, and the 128 notified for examination for this week will bring the numbers up to the first 300.

A large number of those who have been examined have filed claims for exemption, and the local board is now passing on these claims, but their decision is by no means final in the allowing of exemptions. While the recommendations of the local board will no doubt have great weight in the matter of exemptions, it is understood that the government has appointed the States Attorney of each county as its special agent to further investigate the case of every man to whom exemption is granted.

The matter of exemptions will then be finally passed upon by the district board, which is appointed for each judicial district of the United States and that body for this district has not yet been appointed. The district board for this district, when appointed, will probably hold its sessions in Danville, or possibly in Paris.

BLUE MOUND.

Mrs. Fanny Morrison and daughter, Miss Ruth of Tower Hill, are visiting here.

Mrs. W. E. Graham returned home Saturday from Carlinville, where she has been visiting her daughter, Mrs. Karnes.

Miss Loma and Bernice Peck of Decatur were Sunday guests of Mrs. H. S. Donovan.

Herschel Sills of Decatur spent Sunday here with relatives.

BEATTY TO HEAD BRITISH FLEET?

London, Aug. 13. In well informed naval circles, the Sunday Times says, a further change in the personnel of the admiralty board is expected shortly, as Admiral Jellicoe, the first sea lord, feels that he is in urgent need of rest. In the event of Admiral Jellicoe's resignation, the newspaper adds, Vice Admiral Sir David Beatty, commander of the British grand fleet, probably will succeed him.

CROWD OF 4,000 AT WOODBINE PARK

Hears Excellent Concert by the Mueller Band.

HUNDREDS OF AUTOS

Band Will Play at Harvel on Thursday.

The Mueller Band played to more people Sunday afternoon at Woodbine than had probably ever been on the grounds at one time before. People came by hundreds from all over central Illinois in machines and the grounds were packed all afternoon to listen to the concert which the Decatur band gave. It is estimated that as high as 4,000 people were there during the day. Certainly the little resort was filled in every possible parking place with machines and all available seats for people were occupied.

In fact machines were parked away out in the fields surrounding the park.

The perfect day combined with the fine roads made it just right for the shore drive to Woodbine and machines came in from all directions.

The concert consisted of fourteen numbers of standard overtures and popular airs, and the thirty men in the band seemd to feel the inspiration of the great crowd and they never played better.

OTHER ENGAGEMENTS.

This has been the busiest summer the band has ever had and there are still many engagements ahead. Thursday of this week it will play at Harvel for the big annual picnic which is held there each summer, and on the following Thursday the band appears afternoon and night at the Taylorville Chautauqua. On Saturday Aug. 25, the Mueller picnic will call for its services.

The band has been affected by the call to the colors of some of its men but the determination of the members of both the band and of the firm is that it shall be brought up to a high standard musically as soon as it can be done and negotiations are already under way for the bringing of some additional high grade musicians and machinists to Decatur to add to the membership of the big musical organization.

The fact that a man must be both a good musician and a good machinist causes some difficulty in getting the men but the determination is to make the Mueller Band a famous organization in this section of the state. It will advertise the business and will also advertise Decatur as the home of the big factory.

It is likely that a series of concerts will be arranged for Decatur audiences this winter.

END BIG JOB AT SPANGLER BRIDGE

Improvements Are Permanent and Worth While to Public.

Superintendent P. T. Hicks inspected the Spangler bridge road job on Saturday and reports that it will be completed to the last detail this week. The grading is finished. The new cut through the east bluff has the road yet to be surfaced, which will be done by the Long Creek highway commissioners. Fife and Alexander are now surfacing the road on the levee west of the bridge and when this is done the job will be completed.

When the road is fully open to travel again, the Decatur public will appreciate this piece of road improvement. Instead of two bridges there is now one fine bridge spanning the new river channel and wide enough for two vehicles to pass comfortably. The levee west of the bridge has been raised several feet and widened to thirty feet of usable roadway. The old river bridge has been filled in with a levy thirty feet wide. Instead of the old steep and winding road leading up from the river to the east, there is now a straight cut through the hill with a maximum grade of 4 per cent. The improvement as a whole is permanent and not a temporary makeshift. It is the sort of improvement which does not have to be made over when this road is improved as a state aid road or a state bond road.

PRAISES CARE GIVEN THE SAILORS

Ed Hayes Writes His Mother in Decatur.

Mrs. M. J. Hayes, 875 North Church street, received a letter Monday morning from her son, Attorney Edward Hayes, who entered the Great Lakes Naval training school a few weeks ago. He devotes much praise to great care given the men there, saying that every precaution is used by the government to protect the men in every respect.

In regard to the food and care, Hayes declares that if any other branch of the service receives any better treatment than the naval men at the training station, that they should be made to pay for it instead of receiving a salary for being there. He has unbounded praise for the service and training in every way.

"Of course a fellow get a little lonesome at first and would like to see some of the 'home folks' but we are better fixed here because there are a great many Decatur fellows here together."

At present, about two hours each day is devoted to drilling work. The only thing which the men do not like so well, he says, is the slow delivery of mail as it is always several days before they receive their letters.

MAURICE IRISH VISITS IN DECATUR

Arrives From Washington on a Ten-day's Furlough; Brother Sick.

Maurice Irish, 816 West William street, who enlisted some months ago in the navy service, arrived home from Washington Sunday morning on a ten days' furlough. He comes principally on account of the dangerous illness of his brother George in St. Louis and expected to leave for St. Louis Monday. Mrs. Irish and her son John, have already gone to St. Louis. George Irish was operated on several weeks ago for appendicitis. His condition afterward grew more serious. Word received after they left was that he rested easy Saturday night and his condition Monday morning was unchanged.

Maurice Irish is now located at the naval hospital in Washington, D. C. having been sent there from the Great Lakes training station. The chief work there now he says is hospital office work and training. He is located in the office work.

PAPER MENTIONS LEAGUE OF PRAYER

Dr. Frank Fox's Idea Spreads form State to State.

The Aug. 2 issue of the Congregationalist, a Congregational church paper, contains, in its League of Intercession column, a statement concerning the War Time League of Prayer, which was originated in Decatur by Rev. Frank Fox, pastor of the Decatur Congregational church, and which is spreading from state to state. The article prints the league pledge, and requests those who wish to enroll in the league to send their names to that paper.

A short item by Dr. Fox, pointing out the need for prayer for the leaders of the nation, Y. M. C. A. and Red Cross workers, and so on, accompanies the article.

The only meeting this week at the Congregational church will be the prayer meeting Wednesday night.

15 FINED FOR BAD EGGS AT PANA

Pana, Aug. 13.—D. G. Marley and L. F. Thompson, pure food insectors for the state, completed their work here Saturday. They filed fifteen violation of pure food laws. A large portion of the comlaints were against complaints against dealers here for grocers for failure to candle eggs, as provided by law.

Several hucksters were fined for the same offense. In every case the offenders have the privilege of pleading guilty or appearing in Chicago before the state commission. Each pleaded guilty and was fined $15.

The body of William Schafer, who died at his home in Indianapolis on Friday, was taken through Pana on Saturday afternoon, accomanied by a party of relatives, en route to Nokomis, where burial will be made. The funeral was held at the Catholic church in Nokomis Monday morning at 8 o'clock by Rev. Father Johannes.

Mr. Schafer was a former Pana resident and was a traveling salesman for china and queensware. His death was due to cancer of the stomach. He was fifty-five years of age. His wife and a number of other relatives survive. Louis and Leon Durdy and Mrs. Charles Law of Pana are brothers and sister-in-law of the deceased.

Fred J. Pierce has filed suit for $600 against Mary Low. The litigation is the outcome of the handling of a real estate deal for Mrs. Low by Pierce after Pierce had a buyer for her farm. The commission is the amount sued for. The suit comes up the fourth Monday of this month in the city court.

TWO BATHERS DROWN IN THE MISSISSIPPI

Rock Island, Ill., Aug. 13.—Miss Esther Wiggin, twenty-two, and Walter Burmeister, twenty-six, were drowned while bathing in the Mississippi at Andalusia, near here, yesterday. Burmeister sacrificed his life in attempting to rescue Miss Wiggin.

EIGHTY MORE CALLED IN DEWITT COUNTY

Clinton, Aug. 13.—The DeWitt county exemption board has decided to call the next eighty men on the draft list, which includes all men up to the serial number 1002. Only fifty-five of the first 250 examined, who passed the physical test did not claim exemption. The board estimated that of those who passed but claimed exemption that at least eighteen would be eligible, making a total of seventy-three. This leaves a total of fifty-five men to be secured by subsequent examination. The next quota of eighty will not do this and it may be necessary to summon another eighty or 100 to get the desired number.

RESISTED OFFICER.

An information was filed in the office of State's Attorney Grover C. Hoff against Mr. and Mrs. Clifford I. Klinghammer, charging them with resisting an officer. They refused to be served with a warrant in the hands of Constable T. L. Kelly, which had been issued from the court of A. M. Stone. The case will be heard at the October term of county court.

CALVIN CHRISTIAN BETTER.

Calvin Christian, son of Mr. and Mrs. S. J. Christian, 1220 Adams street, who has been ill with symptoms of typhoid fever, has so far recovered as to be out from under the physician's care.

ON TUBERCULOSIS BOARD.

Dr. W. R. Marshall of this city has been notified of his appointment as a member of the Co-Operating committee on the tuberculosis war problem of Illinois, and named as chairman of the county sub-committee. Plans are being made by the State Council of Defense to prevent the spread of tuberculosis in the army and if possible keep it out, and a sub-committee for this county is being arranged and selected so that work will begin at once.

While Mr. and Mrs. Ralph Clemons and two children, 502 North Walnut street, were riding in their car Saturday afternoon north of the city, in attempting to pass a buggy near a bridge, lost control of the machine and drove off the end of the bridge. The car turned over, throwing the occupants out, but out of range of the machine, so that other than being bruised and shaken up they were uninjured. Damages to the car were slight.

WHITE SOX WIN GREAT BATTLE

20,000 People See Cleveland Lose, 4-3.

Cleveland, O., Aug. 14—After a battle stretching over more than three hours the White Sox pounded out a victory over Cleveland this afternoon in the thirteenth inning, 4 to 3. It was a nervous contest, with pitchers and players fading from the landscape with regularity

TIED THE SCORE.

The Sox by a great deal of labor accumulated two runs in the first six rounds, only to have the Indians tie it up in the last half of the sixth. The Hose added another one in the eighth but a two-bagger by Graney, with one on, in the ninth again deadlocked the count, and there it stood until the thirteenth, when three hits in succession, two of the scratch variety drove Jackson over the pan. The blows were charged to Joe Boehling's account—the fourth pitcher who had faced the Sox during the encounter.

GAIN HALF A GAME.

An overflow crowd saw the contest, about 20,000 crowding into the yard in the hope of seeing the Indians take a new grip on the pennant race and pulling for the Hose to be knocked off the perch as leaders in the hectic race. The victory gave the White Sox a short breathing spell before the Red Sox can again get into action, as we gained a half game on the pursuing champions.

IVESDALE, 1; MONTICELLO, 0.

Although Monticello carried an imported battery from the former Bloomington Three-I league team, they were unable to defeat the Ivesdale team at Ivesdale Sunday afternoon. It was one of the prettiest games ever seen on the diamonds and resulted in a 1 to 0 score. Perkins, twirling for Ivesdale, allowed but four hits and fanned twelve men The Monticello battery was Lambrick and Ivan.

NO GAME PLAYED.

The Waterworks ball team and plenty of fans showed up at Riverview park Sunday afternoon to see the Waterworks team play the Schubuo team The latter however failed to appear and all those present were disappointed.

BURGLAR CLAIMS DRAFT EXEMPTION

Unusual Case Before Decatur Board.

Exemption from the army draft because he was a burglar was the nerve displayed by one fellow before Decatur's exemption board, Saturday, the queerest case yet found by the board. The man actually filed an affidavit stating that he had been found guilty of a burglary and had served a term and was therefore exempt.

"Why you little shrimp, you aren't going to claim exemption on those grounds," said the member of the board to whom the affidavit was turned over, as he directed a look of disgust and scorn at the conscript.

"You bet I am," the culprit replied.

NO JAILBIRDS WANTED.

"Well that exempts you all right," replied the board member. The army rules do not permit the acceptance of one convicted of a felony in case it is known. It is a rare thing, however for a felon to bar himself from the army service by making the fact known.

It won't be necessary to lock doors and windows and barn or to stand guard over property at night with a shotgun however because of this case While conscripts may resort to unusual methods to secure exemption form army service for themselves yet all of them will be given credit for being above committing a felony for the sake of exemption

FLAG PRESENTED AT PYTHIAN HOME

800 Members of Pythian Lodge Attend.

In the presence of 800 members of the Knights of Pythias lodge from all arts of central Illinois, the handsome silken flag which was presented to the Pythian children's home Sunday by Supreme Chancellor John J. Brown was raised.

"It was the prettiest flag raising I have ever seen," said Supreme Chancellor J. J. Brown of Vandalia, the principal speaker of the afternoon.

Two children dressed as Uncle Sam and Miss Columbia raised the flag while the children sang the Star Spangled Banner.

MANY VISITORS.

It is estimated that fully half of the crowd came from out of town and that there were nearly 400 persons there who came from distant points in cars. Delegations of Pythians from Pekin, Clinton, Macon, Jacksonville, Lovington, Taylorville and other neighboring points came for the ceremony.

W. F. Skillman, grand master of the exchequer of the Texas grand lodge, was present for the flag raising. In the morning a flag raising was held at the Old Folks' home.

BRUNDAGE FORCES MAYOR TO ACT

Peoria, Aug. 13—Mayor Edward N. Woodruff announced yesterday that he would clamp the Sunday lid on 300 saloons on Sept. 15. President Martin of the village of Averyville, adjoining Peoria on the north, followed suit with an announcement that the ten village saloons will begin closing on Sundays on the same date.

The churches of the city appealed to Gov. Frank O. Lowden and Edward J. Brundage, the attorney general at Springfield, for law enforcement in Peoria. Mr. Brundage's first move was to notify State's Attorney McNemar that all outlaw saloons within the two mile limit of the city must be permanently closed. All of them went out of business at midnight last night.

Then Mr. Brundage notified the city and county officials that the expected enforcement of the Sunday closing law. The announcement of Sunday closing followed.

CHARLEY CHAPLIN RESCUES CHILD

Los Angeles, Cal., Aug. 13.—Without discarding his ancient derby or his trick shoes Charlie Chaplin, comedian, leaped into a rough sea off Topango canon on Saturday and saved the life of Mildred Morrison, 7 years old, daughter of Mr. and Mrs. Joseph Morrison of New Rochelle, N. Y. The child was swept into the ocean from a huge rock when a big wave broke over the bowlder. She had been sitting there watching the performance of Chaplin and his company, who were filming a comedy.

WOMEN AND GIRLS APPLY FOR WORK

At Warrensburg Canning Factory; Will Open This Week.

The canning factory at Warrensburg did not start work Monday morning as was originally planned. The cool days and nights have delayed the maturing of the sweet corn and while it is expected to get a small start by Wednesday or Thursday of this week it is not expected that the factory will be in full blast before next week

The canning people report that they have had applications for work from all through central Illinois, from Decatur as well as elsewhere, and they are not anticipating any lack of help A considerable number of women and girls have applied but not more than usual, and it is not now planned to use any larger proportion of women than in other years.

Red Cross Sewing Circle.

The Gleaner's Bible class of the First Christian church has organized a Red Cross sewing circle which will meet once a week to sew for the soldiers. Wednesday evening they will meet at the home of Mrs. Albert Deibert, 238 West Spring street.

Miss Gladys Diss is president of this circle and Mrs. Dollie Deibert is secretary and treasurer.

HOME READING COURSE FOR CITIZEN-SOLDIERS

(Issued by the War Department)

LESSO N NO. 2.

Making Good as a Soldier.

The National Army, in which you are to take your place, truly expresses the American character and ideals. It is a great democratic army. It includes men of all degrees of wealth and education, chosen through fair and open selection by lot. All are brought together on terms of equality. There has been and there will be in this great National Army no favoritism and no "pull." The poor man will drill side by side with the man who has been raised in luxury. Each will learn from the other. The place each man makes for himself will be determined by his own work and ability.

DEVELOPING SOLDIERY QUALITIES.

The question as to whether it is better to join the colors now or with a later contingent is not worth arguing, since the decision has been made for each man by lot. An ambitious man, however, will be glad to join now. It gives him a better chance for promotion. The commissioned officers of the first contingent are picked men who have voluntarily gone through the hardest kind of training. The officers of later contingents will be drawn largely from the men enlisted in the first contingents. There is plenty of opportunity here for every man to use his brains and his energy and to earn promotion according to his worth. This does not mean easy or quick advancement. It means only that you will have your fair chance, and you would ask for nothing more - to develop yourself and to climb upward step by step.

In order to make good in the National Army you must, first of all, fit yourself to carry with credit the worthy title of "American Citizen-Soldier," one of the proudest titles in the world. This means that you must develop in yourself the qualities of a soldier. The more quickly and thoroughly you cultivate them, the greater will be your satisfaction and success.

There is very little real difference of opinion as to soldierly qualities. They have been determined by ages of experience. Weapons change, but the soldiers who handle the weapons remain much the same.

THREE BASIC QUALITIES.

There are three basic qualities, without which no man can be a real soldier even though he may temporarily wear a uniform. They are:

Loyalty,
Obedience,
Physical Fitness.

A man without these qualities is in the way and is a source of weakness to an army, both in the camp and on the field of battle.

The Articles of War of the United States set forth the military crimes which are punishable by heavy penalties. Among these crimes are desertion, cowardice, insubordination, drunkenness while on duty, sleeping while on duty as a sentinel, disclosing the watchword, and giving aid or comfort to the enemy. Run over this list and you will see that every one of these military crimes can result only from the absence of one or more of the three basic qualities of a soldier.

LOYALTY.

A soldier's loyalty governs, first of all, his feelings and actions toward his country, his government and his flag. There can be no such thing as half-way loyalty. The slightest compromise opens the door to treason.

But a soldier's loyalty does not stop here. It governs also his feelings and actions toward the army and toward all the officers under whom he serves. It absolutely forbids disobedience among both officers and enlisted men, or disrespect toward those in authority.

Going a step farther, loyalty governs also the soldier's feelings and actions toward his own regiment, his own company and his own squad. Without this form of loyalty there can be no real comradeship; without it you will never feel that personal pride and satisfaction in the service which should mean so much in your army life.

OBEDIENCE.

The second of the soldier's basic qualities is obedience, based on discipline. Without obedience and discipline an army can not long continue to exist; it will quickly degenerate into an armed mob. As the Infantry Drill Regulations put it, discipline is "the distinguishing mark of trained troops."

Frequently the recruit, with his inborn dislike of being bossed, makes the mistake during his first few weeks in the army of resenting the fact that immediate and unquestioning obedience is required of him. He quickly learns, however, that obedience is required of him. He quickly learns, however, that obedience enforced throughout the army is in all situations the chief safeguard of the rights, the comfort and the safety of every man, from the raw recruit to the commanding general. It is a guarantee that the small number of unruly or cowardly men to be found in every group shall be kept in check and forced to comply with rules made for the benefit of all.

Military discipline is always impersonal. Obedience is required not merely of you, but of every man in the army. It is required of officers by their superiors with fully as much strictness as it is required of you. It will become your duty, whenever you are given authority over other men, to demand from them the same full measure of obedience that others will require of you.

Discipline is not only essential in developing the army, but also in developing your own character as a soldier. "The soldier who is by nature brave, will by discipline become braver."

PHYSICAL FITNESS.

The third basic quality, physical fitness, is so essential that a large part of the time devoted to your training will be spent in building it up. Physical fitness includes not only muscular development but good health and endurance as well. It is a quality which every man who passes the physical examinations can develop in himself by reasonable care and by obedience to instructions. This is a subject more fully discussed in a later lesson.

I. T. S. CAR HITS AUTO; 4 DEAD

Mother and Three Boys Killed Near Bloomington.

Mrs. Bertha Krueger and two sons, Elmer and Harry, aged 8 and 15 years respectively, living just south of Bloomington along the Interurban, and Ralph Krueger, age 13, son of Mr. and Mrs. Fred Krueger of Bloomington, were all instantly killed Sunday noon by a south-bound interurban car in charge of Conductor Luther Aungst and Motorman Harry Mesnard, both of Decatur. John L. Krueger, husband of the dead woman was rendered unconscious but Sunday night was not said to be badly injured although he could not remember the accident.

TRACK OBSCURED.

The accident happened at what is known as Burns crossing, just a short distance south of Bloomington. The Kruegers had been attending services at the Bloomington Lutheran church, making the trip in their Ford car. After church, Ralph Krueger, the nephew and cousin, living in Bloomington, got in the car to go out in the country, unknown to his parents. The Krueger home is about 300 feet east of the I. T. S crossing, which they approached from the west. Farm houses and groves on each side of the road and west of the tracks, obscure any possible view of approaching cars, either to interurban men or to autoists.

Motorman Mesnard stated it was all over in just a second, that he was almost on the crossing when he saw the auto come on the track a few feet ahead. It was too late to do any good although he applied the brakes. It hit the auto near the front door, knocked it in a twisted heap, up against a pole on the east side of the track and scattered the occupants over the right of way. The car was stopped in a short distance while crew and passengers got out and picked up the victims. Four were then dead. All five were placed on the Interurban and hurried back to Bloomington.

TEN YEARS AGO TODAY IN DECATUR

AUG. 13, 1907.

Local telegraphers went out on strikes as part of a nation wide strike of 25,000 operators.

Prof. Robert M. Walter was appointed a member of the musical faculty of the J. M. C.

Billy Purtell was sold by Decatur to the Chicago White Sox for $3,000.

The U. S. Starch and Glucose Co., which had recently purchased the Wellington Starch Works, was planning to spend $80,000 or $100,000 on another building.

TWENTY YEARS AGO TODAY.

Sixty Pana miners on strike arrived during the early morning hours and camped on the hill side south of the Waterworks. Springfield miners were camped on the Mt. Pulaski road at Stevens Creek while the Lincoln miners were camped at the creek on the Springfield road. Sheriff Nicholson would not allow them to enter town.

Rev. N. S. Haynes, who had been pastor in Decatur twenty years before and who was now located in an Englewood church, was here to preach at the Edward street Christian church on Sunday.

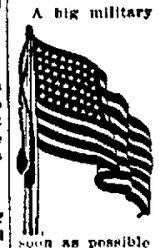

Decatur township was being redistricted to have eighteen instead of fourteen townships.

MILITARY BALL FOR NEW OFFICERS

Event at the Country Club is Proposed.

LIST OF COMMISSIONS

Decatur and Vicinity Art Well Represented.

A big military ball and reception at the Country Club has been proposed for the eleven Decatur men who have just been awarded their shoulder straps at Fort Sheridan. It is proposed to hold the military ball and reception as soon as possible after the men have arrived home and plans, now under way indicate that the event will be a notable one. A date has not been set. Those who are in charge of the plans for the event, have been quietly awaiting the announcement of the awarding of commissions before making their intentions public.

DECATUR PROUD OF THEM.

Decatur is justly proud of the men who have been in training at Fort Sheridan and welcomes this first opportunity of giving concrete expression to their feelings.

With eleven names in the list of successful candidates for shoulder straps at Fort Sheridan, Decatur's representation at the fort is a splendid one. The men will be allowed a short furlough in their homes before they are required to go to their assigned posts, and will spend their time "easing up" a bit from the three months of stiff training through which they have just passed. Practically all of them will be assigned to duty with the new national army at Rockford.

The list of commissioned officers contains the names of some of Decatur's best known young men, and is a typically representative group. Millikin men while they are prominent in the list, do not dominate the roster by any means. The list from Decatur and vicinity follows:

This Day in Illinois History

Aug. 13, 1849.—Scotch emigrants in large numbers arrived in Chicago.

J. F. MONTGOMERY, WELL KNOWN, DIES

Was for Years Breeder of Fine Cattle.

J. F. Montgomery, for many years a prominent breeder of thoroughbred short-horn cattle, and widely known in central Illinois, died at 10:30 o'clock Sunday night at the family residence, 492 East Lincoln avenue. His age was seventy-one years, six months and one day. His death was caused by paralysis, with which he had suffered for a year and a half.

Mr. Montgomery was born in Macon county Feb. 11, 1846, on a farm three miles north of Decatur. His parents, Mr. and Mrs. William Montgomery, came here from Virginia and settled on that farm in 1837. J. F. Montgomery was one of seven children. His entire life was spent in Macon county. The first school he attended was in a log cabin that later gave way to the Brick school, which was still later replaced by the present Mound school. Later he attended business college in Decatur, and was one of the best posted farmers of that day.

IN CATTLE BUSINESS.

When he was twenty-one years old Mr. Montgomery began breeding thoroughbred short-horns on the farm his father had setled near Warrensburg. He was eminently successful and became one of the best known stock men in this part of the country. He continued in this line of work for forty-two years. He retired from the farm and moved to Decatur in 1909, and this has been his home ever since. Here he was engaged in the real estate business.

Mr. Montgomery had a wide acquaintance and a host of friends, gained by his hospitality and high standards of morality. He was twice married, his first wife being Miss Olivia L. Campbell. They were married in 1871. Mrs. Montgomery died in 1878. One daughter, Florence M., now the wife of Harold Hanes, was born to this union.

Mr. Montgomery's second wife was Miss Minnie C. Renshaw, daughter of Mr. and Mrs. Lucien Renshaw, whom she married in 1880. Seven children were born to them, and they, with their mother, survive him. These children are Norton W. Montgomery of Austin township, Irma Young, wife of Everett B. Young of Newman; Walker P. Montgomery of Toledo, O., and Miss Alberta Montgomery, Miss Emily Montgomery, Miss Vernna Montgomery and Frank Montgomery all of Decatur.

OTHER DEATHS.

Clyde Bradshaw, formerly of Decatur, died at 4:30 o'clock Sunday afternoon in the Holy Name hospital at St. Marie, Ill. He was twenty-eight years old last December. His death was caused by a complication of diseases, with which he had suffered for a long time. He had been in the hospital for the past two weeks.

Mr. Bradshaw was a son of William Bradshaw, who took the young man to Oklahoma two years ago in the hope that the change would benefit his health, which had then begun to fail. However he grew steadily worse, and a short time ago they returned to Illinois.

Clyde Bradshaw was born in Decatur Dec. 23, 1888, and up to two years ago his home had always been in this city. Besides his father he is survived by two sisters, Mrs. William Hastings of 461 North Church street, and Mrs B. R. Holmes of Monticello, and one brother, Willis Bradshaw of West Salem, Ill.

The body was brought to Decatur Monday and taken to the Moran chapel and later to the home of the sister, Mrs. Hastings.

ARTHUR E. ROBBINS.

Arthur E. Robbins, son of Mrs. Laura E. Dobson, formerly of Cerro Gordo and Decatur, died Sunday morning at the home in Kansas City Mo. He was a nephew of Mrs. Mary Ferguson, Mrs. E. G. Allen and Mrs. A. G. McWhirter, all of Decatur. Mrs. Ferguson left Sunday for Kansas City to attend the funeral which will be held at 10 o'clock Tuesday morning.

W. T. WARFIELD.

W. T. Warfield died at 8:45 Sunday morning at the family residence, three miles southeast of Cerro Gordo. He was fifty-five years old. His death was caused by spinal trouble, with which he had suffered for over a year. He had been confined to his bed for two weeks and his death was not wholly unexpected.

Mr. Warfield was widely known in the vicinity of Cerro Gordo, where he had lived practically all his life. He was a member of the Masonic lodge at Cerro Gordo and had many friends in the community.

He is survived by seven children, two sons and five daughters. The sons are Wayne Warfield of Montana and Thomas Warfield of Cerro Gordo. Three of the daughters, Miss Elizabath Warfield, Miss Marie Warfield and Miss Margaret Warfield live at home.

CLYDE HANNA GOES TO SAN FRANCISCO

Decatur Boys to Be Sent West With Hospital Apprentices.

Clyde Hanna of Decatur, enlisted in the United States naval hospital corps, will be one of a party of fifteen hospital apprentices who will be sent Thursday to San Francisco for duty. Ralph E. Marquis of Monticello will also be in the party. The Peoria Star says:

"An order received by Ensign Ridgley of the navy recruiting office calls for the dispatchment of fifteen hospital apprentices to San Francisco.

"The men will be sent probably next Thursday. This is the first order that has been received ordering men to the training station at San Francisco, as most of the others have been sent to the training stations at the Great Lakes or to Norfolk, Va. The hospital apprentices have been on the waiting list since the first of June.

Uncle Sam's Thrift Thought For Today.

MONDAY.

Spread the meat flavor over other foods and so economize on the quantity of meat consumed, says the United States Department of Agriculture. Here is one way to utilize left-over meat by spreading its flavor.

MEAT TURNOVERS.

Chop the meat. If the quantity on hand is small, mix with it left-over potatoes or rice. Season with salt, pepper, onion, etc. Place filling on circular pieces of biscuit dough about the size of a saucer. Fold over the dough and crimp edges together. Bake for about one-half hour in a hot over.

A brown sauce made from two tablespoonfuls of flour browned in two tablespoonfuls of butter to which a cupful of water or stock and a half teaspoonful of salt is added, may be served over the turnovers.

Speaking Of The Refrigerator.

NOW is the time of the year when it behooves the housewife to consider the humble but powerful germ. Not only should she know how to protect her family against ptomaines, milk infection, fruit skins and tainted meats, but she should remember that it is especially necessary for her to keep the family refrigerator in such condition that it shall really safeguard the health of her loved ones and not, as has sometimes been the case, be a menace to it.

As far as a layman may judge, digestive troubles are of less frequent occurrence each year. This is undoubtedly due to the fact that science has taught the housewife the practical methods through which she may insure her family against the attacks of armful bacteria.

Too great care in maintaining thorough sanitation inside the refrigerator cannot be exercised. And it is equally necessary that a housewife should know the main facts relating to air circulation in the refrigerator so that she may at all times see to it that the necessary circulation is maintained.

Are you familiar with the scientific plan of your own refrigerator, Madame Housewife? If not, the following statement may enlighten you. Many a young housekeeper—some of us older ones know this for the reason that our own experience has been identical—purchases the refrigerator for her first housekeeping entirely because some good salesman where she is buying other items assures her that it is a good one. When it comes home she thinks that all she has to do is to have the iceman put in the ice and that it may be necessary, if anything gets spilled in the refrigerator, for her to take a cloth and wipe it up.

But it is true that in any refrigerator there is a "system" of interior air circulation and that if a proper temperature is to be maintained and the interior of the box be kept dry as well as at a low temperature, there must be no interference with this circulation. If it is interfered with, then the refrigerator, even the most scientifically constructed one, will become sweated, and is likely to become a most favorable breeding place for moulds and certain bacteria.

Most of the refrigerators built now will be found to have air chambers at the sides of the ice compartment. The single tier refrigerator is most often built with side air chambers and with an opening underneath the ice compartment. What are these openings and chambers for? Just what purpose in the process of refrigeration do they serve? This is the question every housewife should ask herself with reference to her own refrigerator. Let her remember that cold air has a tendency to go to the bottom of any compartment in which it may be. Thus in a room, the warmer air is at the top and the cooler at the lower part of the room nearer the floor. Circulation systems in refrigerators take this fact into account. They provide an opening at the bottom of the ice chamber somewhere, through which the air that has become chilled from contact with the ice may readily find its way downward. As this air descends it forces to one side warmer air that it may encounter and this, being lighter, has a tendency to rise upward. Chambers whose upper openings are high up in the refrigerator serve as channels through which these currents of warmer air are conducted so that they may come in contact with the ice and in their turn become chilled.

Ascending currents of warm air gather the heat units from articles of food over which they flow. It is essential that all openings in the refrigerator be free and unobstructed. It is equally necessary that no objects be crowded together on the shelves and that there be spaces between each dish of food set into the ice box. Do not obstruct circulation by putting into the food chamber a greater quantity of food than the given amount of ice can chill. Maintain the balance of circulation. Keep the drain pipe scalded and clean. Be sure that the trap at the bottom of the drain pipe is in place; otherwise the ice will melt very fast without chilling the food chamber as it should.

LAURA LEONARD.

FROM THE PEOPLE

TREATMENT BY OFFICERS.

Decatur, Ill., Aug. 12

Editor Review:

It makes a person feel indignant at the treatment that Major Krapf handed the rookie, mentioned in James Hardendorf's article, in Sunday's Review. Does the Major imagine himself in Germany, where a man can be convicted of a crime of "les majesty?" Discipline we must have, but where are we to learn military discipline if not in camp. And this man being in camp only one day. I think the major should have been lenient, and instructed him, in the proper manner of answering his superiors.

I think any rookie will have more respect for an officer who will do this, than for one who will treat a man as in this case, and I think an officer will have better co-operation from his men for it. This rookie may have made a good soldier.

Respectfully,
DRAFTED.

VISITS SON AT FORT HARRISON

Mrs. Charles Vest Makes Trip to Indianapolis, Ind.

Mrs. Charles Vest and son, George, 1018 West Eldorado street, went to Indianapolis Sunday, where they visited their son and brother, Harry Vest, at Fort Benjamin Harrison. He was able to be with them from 1 until 6 in the afternoon and to show them about the camp.

Although he had been there a week, he was not fully acquainted with the camp yet, as about all of their time each day is put in with work and the rest of the time at sleep. They do not have over a couple hours leisure in the whole day. He likes the army life better each day.

THE CHURCH AND ITS WORK

HOLY DAY IN CATHOLIC CHURCHES

Feast of the Assumption to be Observed.

Wednesday, Aug. 15, is the Feast of the Assumption, in the Catholic church, and is observed as far as possible as a Sunday, it being a Holy day of obligation. At St. Patrick's church Wednesday morning, masses will be at 5, 8 and 9 o'clock and in St. James' church at 5:15 and 8 o'clock.

Among the announcements at St. Patrick's church Sunday morning was a request that all Catholics in their prayers each day, say a prayer for the soldiers and sailors who have gone from the city. Special prayers are to be recited after each church service for them.

SECOND PRESBYTERIAN.

J. O Engleman talked at the morning service of the Second Presbyterian church Sunday morning, his subject being, "Impressions on a Western Trip." He told of many interesting things that he saw on his recent trip to the coast and of some of the unusual happenings at the meeting of the National Educational Association in Portland. He mentioned especially the coming of an embassy from the king of Belgium to thank the American people for their help to his people, and he also spoke of seeing 141 foreigners of nineteen nationalities renounce allegiance to their fatherlands and swear allegiance to The United States and Woodrow Wilson.

Mrs. Elizabeth Cope sang "Come unto Me."

In the evening about twenty of the people from the second church went out to Argenta where they joined with the Presbyterian church there for their evening service.

The only service next Sunday will be Sunday school.

SARGENT METHODIST.

The official board of the Sargent Methodist church will meet Friday night at 7:45 at the church to settle all business before the close of the church year. Wednesday night the usual prayer meeting will be held

The fourth quarterly Conference will be held at the Sharon Federated church Monday August 20 at 8 p. m. and it will be conducted by Rev. M. N. English.

GERMAN METHODIST.

The only meeting of the week at the German Methodist church will be the singing practice Thursday evening.

CHURCH OF GOD.

The senior Christian Endeavor society of the Church of God held its service Sunday night outdoors, on the church lawn. The intermediate society met at the same hour in the church basement for its meeting. Other services of the day were as usual.

The official board will have its meeting tonight, which was postponed from last Monday night.

The prayer meeting Wednesday night will be especially for the young people, and will be in charge of Misses Loiela Woolhouse and Ilene Walker.

Aug. 23 is the date set for the annual Sunday school picnic, which will be held at Fairview park.

THIRD UNITED BRETHERN.

Rev. Guy Logenbaugh, pastor of the Third United Brethern church, begin a two weeks' vacation Tuesday. He will spend the time at the Woodbine chautauqua. His pulpit will be filled during his absence.

Tonight the married women's class will meet at the home of Mrs. Carroll, 1112 East Hickory street.

Tuesday night the Brotherhood of the church will meet at the church.

Prayer meeting will be held Wednesday night.

The Ladies' Aid society will meet Thursday afternoon at the church for work.

Choir practice will be held Friday night at the church.

REV. E. D. JONES AT 1ST METHODIST

Bloomington Pastor Delivers Address at Church.

The First Methodist congregation was given a surprise Sunday morning in having an opportunity to hear a sermon from Rev. Edgar DeWitt Jones, pastor of the Bloomington First Christian church. Mr. Jones is an old friend of the pastor, Rev. F. A. Havighurst, and when he came down Sunday to inspect the work of the Sunday school and attend the church service, Mr. Havighurst prevailed on him to preach at the morning service. Dr. Jones gave a unique and splendid sermon. Dr. Jones has just recently had published two volumes of sermons and a religious work of fiction entitled "Fairhope."

The Sunday school attendance Sunday was 607. Three persons were received into the church at the morning service The Epworth league exchanged leaders with the Grace church in the evening. At the evening preaching service Mr. Havighurst gave the second of his sermons for the vacation season, the topic being "Niagara and Its Message for Me." He spoke of the value of travel, and of the way in which Christian people should travel, as an introduction to the sermon.

Mr. Havighurst hopes for a large audience next Sunday evening, when he gives his sermon on "The Grand Canyon," or "A World Ruin and World Glory." This talk will be exceedingly interesting.

The King's Heralds met Monday afternoon at 2:30.

Tuesday night at 7:15 the Standard Bearers will meet

The midweek service this week on Wednesday night will be devoted to a study of the work of Dr. George A Simons in Russia.

The Sunday school cabinet will meet Thursday night at 7:15.

FREE METHODIST.

The teachers of Owen's chapel will meet Tuesday night.

The King street church will have prayer meeting Wednesday night and Owens chapel will have prayer meeting Thursday night.

A program will be given Friday night at the church by the Young Women's Missionary society.

Next Sunday the former pastor, Rev. D. E. Taylor, will preach at the chapel at 4 in the afternoon.

ENGLISH LUTHERAN.

In the absence of the pastor, Rev. Roy Catlin, the pulpit at the English Lutheran church is being filled by Earl Coble. The only meeting announced for this week is the Luther League meeting Monday night at the home of Miss Edith Ripley, 1358 West Forest avenue.

ST. PAUL'S METHODIST.

Roy Bourley led the singing at the evening service of St. Paul's Methodist church Sunday and after the sermon four people were baptised and two received into the church

The official board will meet Monday night at the parsonage and the Queen Esther circle will meet at the church.

The Home Guards will have an ice cream social Tuesday night on the church lawn.

The prayer meeting will be held Wednesday night and the Ladies' Aid society will meet for an all day session at the church Thursday.

A silver social Friday afternoon at the home of Mrs. C. O. Pease, 1035 East William street, is to be given by the Ladies' Aid society but all of the women of the church are invited.

Thursday evening Mrs. LeVerne Holmes' class will meet at the home of Miss Mildred Nichols, southwest of town.

The choir will practice at the church Friday night at 7:30.

CENTRAL CHURCH OF CHRIST

Sunday school, followed by the celebration of the Lord's Supper, was the only service of the day Sunday at the Central Church of Christ, owing to the absence of the pastor, Rev. John R. Golden, who is away on his vacation. Mr. Golden is at Havana now. He will be back in September to resume his work.

The county Christian Missionary society will have a picnic Friday at Fairview park beginning at 10 a. m.

ROLL OF HONOR AT FIRST CHURCH

Enlisted Men to Appear at Morning Service.

The men who have enlisted and those who have been drafted are to be honored at the morning service of the First Presbyterian church next Sunday. A committee of three, Dr. C. E. Jenney, John B. Robinson, and H. T. Baldwin is working on plans for a roll of honor to be kept in the church, and as the young men enlist their names will be placed upon this roll.

Not only the enlisted men who are in town, but the parents of those who have already gone to join their companies will be shown special honor at this service.

The prayer meeting Wednesday night will be conducted by the members of the Sisterhood class.

REV. E. SAFFORD OFF ON VACATION

Westminster Presbyterian Pastor on Fishing Trip.

Rev. Elisha Safford, pastor of the Westminster Presbyterian church, will leave Tuesday on his two weeks' vacation. He expects to go first to Peoria and will spend some time fishing on the Illinois river, and next week will go to Edwardsville, his former pastorate, where he will officiate at a wedding on Wednesday.

During his absence his pulpit will be supplied at the Sunday morning services, and in the evening the meetings will be in charge of the Christian Endeavor society. Prayer meetings will be held as usual. P. P. Laughlin will lead this week's prayer meeting.

Mr. Safford spoke on "Christianity's Four Dimensions" Sunday morning, while in the evening his topic was "A Vision of a Better Country." At the latter service a feature was a solo by Miss Josephine Gaskins.

RIVERSIDE BAPTIST.

A growing interest and increasing numbers in attendance at the Riverside Baptist tent meetings greatly encourage the members of the church and the men who have charge of these meetings. Before the preaching service Sunday Mr. and Mrs. L. B. Trites and their daughter gave a musical program. Tonight the members of the East side colored churches will attend the service.

EAST PARK BAPTIST

Rev. R. B. Ray was present yesterday to take up his duties as pastor of the East Park Baptist church, and preached at both services. The Men's Bible class will meet Monday night at the home of Charles Hebel, 2020 East Sangamon street.

The Ladies' Aid Society will have a watermelon festival on the church lawn Tuesday night.

The weekly prayer meeting will be held Wednesday evening.

Mrs. Alice Nixon, 2100 East Prairie avenue, will entertain the Adelphian class at her home Thursday night.

The regular business meeting of the Ladies' Aid Society will be held at the church Thursday afternoon at 2:30 o'clock.

GRACE METHODIST

The King's Heralds of the Grace Methodist church will meet at the church Monday afternoon at 3 o'clock and Monday night the official board will meet.

The Women's Home Missionary society meets Tuesday afternoon at the home of Mrs. G. A. Pitts, 1056 North Church street with Mrs. Charles McCarter as leader. The topic for the afternoon will be "Work and Workers in Our City."

The prayer meeting will be held Wednesday evening at 7:45.

An ice cream social will be given by the eastern division of the Ladies' Aid society Thursday night on the church lawn.

Saturday the King's Heralds will have a bake sale at Farler's market.

A picnic at Farler will be held Friday afternoon and evening by the Men's and Women's Bible classes and by Mr. and Mrs. C. F. Evans' classes.

CHURCH OF BRETHREN

The pulpit of the Church of the Brethren was filled Sunday by Rev. Noah Miller of LaPlace and the pastor from here, Rev. J. W. Lear, preached in LaPlace. The subject of the sermon here at the morning service was "The Secret of Christian Growth" and at the evening service "The Way of Life." The Christian Workers had a peace program led by Miss Ada Whitsitt.

The adult teachers will have a meeting Wednesday night at 7, and the prayer meeting will be at 8 o'clock, the subject being "The Duties of the Christian."

The grade teachers will meet Thursday afternoon at one o'clock and the Ladies' Aid society will meet at 1:30.

Friday night the Prayer Band will meet at the home of Albert Lynn, 460 East Orchard street.

FIRST CHRISTIAN

Rev. R. B. Neary, pastor of the First Christian church, will be home from his vacation in time to conduct his services at the church next Sunday. Dr. A. C. Foster spoke at the yesterday morning service, which was the only meeting of the day.

The third ward will have an all day meeting Wednesday.

The sixth ward will meet Thursday afternoon.

ST PAUL'S LUTHERAN

The Young People's society of St. Paul's German Lutheran church will meet Tuesday evening at the school.

The church elders will meet with St. Johannes' elders Wednesday evening at St. Johannes' church.

Rev. Theodore Lehrmann, the pastor, will be in Springfield this afternoon to attend the hospital board meeting.

SECOND UNITED BRETHERN

The teachers' training class of the Second United Brethren church will meet Tuesday night at the parsonage.

Prayer meeting will be held Wednesday night at the church.

The W. M. A. will meet Wednesday afternoon at the parsonage.

The women will have an all day quilting at the church Thursday.

ANNUAL CONFERENCE HELD AT CHAMPAIGN

Methodist Sessions Will Open on Sept. 5.

CHURCH IN THE WAR

Four Decatur Ministers Planning to Attend.

The part that the church can play in the general war movements will likely be one of the matters to be brought up at the annual session of the Illinois Methodist conference next month. The conference this year will be held at the First church at Champaign, beginning Sept. 5.

A meeting was held in Washington last week of bishops and editors of the church papers for the purpose of discussing what the church should do. Plans are being outlined for cooperation with the government in the matter of food conservation, Red Cross work, and other war measures. It is expected these plans will be submitted and adopted at the conference.

NO CHANGES EXPECTED.

The customary number of changes in pastorates will doubtless be made this fall at the conference, but it is not expected there will be any changes in the Decatur churches.

Rev. R. H. Schuett is pastor of the Champaign church, which will entertain the conference. Bishop Thomas Nicholson of Chicago, LL. D., will preside. One of the special features of the conference this year will be a joint session of ministers and laymen for the discussion of different interests of the church. These laymen delegates will be appointed at the fourth quarterly conferences of the various churches.

DEVOTIONAL ADDRESSES.

The afternoon devotional addresses, which are always one of the interesting parts of the conference, will be delivered this year by Dr. L. J. Birney, D.D., dean of the Boston School of Theology.

The Decatur district superintendent, Rev. M. N. English, and the Decatur pastors, Revs. F. A. Havighurst, N. M. Rigg, J. C. Brown and A. J. Jockisch, expect to attend the conference as usual.

MITCHELL FAMILY ANNUAL REUNION

Will Be Held on Thursday, Aug. 16, on Farm Near Bethany.

The annual reunion of the Mitchell family will take place Thursday, Aug. 16, and will be held on the old Uncle John Mitchell farm, one mile east and one mile south of Bethany.

This is a yearly event in the Mitchell family of whom a number live in Decatur but more in the Bethany neighborhood. All members of the family are invited each year.

CIVIL SERVICE TEST AT THE POSTOFFICE

Examination in Shorthand and Typewriting on Tuesday.

There will be a civil service examination in short hand and typewriting at the post office Tuesday morning at 9 o'clock for people wishing positions in Washington. If there are enough extra papers a few people who have not already applied may take the examination providing they bring photographs of themselves which are not more than two years old. These examinations are given in the civil service room on the second floor.

BEGIN WORK ON $100,000 ADDITION

Hospital Directors Plan to Save Timt.

BUILDING CROWDED

Contract for Structure to be Let in Few Days.

The new $100,000 wing to the Decatur and Macon County Hospital has been started. The hospital is crowded with patients and there is an immediate need for more room.

The building committee met Sunday and after going over all the figures submitted and taking into consideration the season of the year and the fact that the inclement weather will start within a few weeks, decided that the time to begin on that addition was now and suiting the action to the word decided that excavtition should begin Monday. Figures on that part of the work were secured Monday morning and at noon active excavation started.

The pressing need of the additional room and the fact that the $100,000 is available for immediate use caused the committee to decide that further delay is inadvisable and the work is started already.

WILL SAVE TIME.

The general contract for the new wing has not yet been let but the time during which the figuring is being done can be saved by getting the excavation done and foundations in at once. It is believed that further savings and reductions in cost can be made over any of the estimates so far furnished and the committee will take immediate action to get such lower figures.

The new wing will be a very valuable addition to the hospital and will contain seventy-two rooms available for patients, not to speak of the diet kitchens and other which bring the total number up nearly to 100 rooms. The ward which is being most needed perhaps is the new maternity section which will be contained in this wing and will be away from the noise and confusion of the other rooms even in the same wing.

ON THE COMMITTEE.

The constantly crowded condition of the present hospital shows very clearly the great need for the additional rooms provided by the plans of the wing which has been started.

The building committee, which has the matter of the new wing in charge consists of C. M. Hurst, Dr. William Barnes, E. P. Irving, Robert Mueller and W. M. Bering.

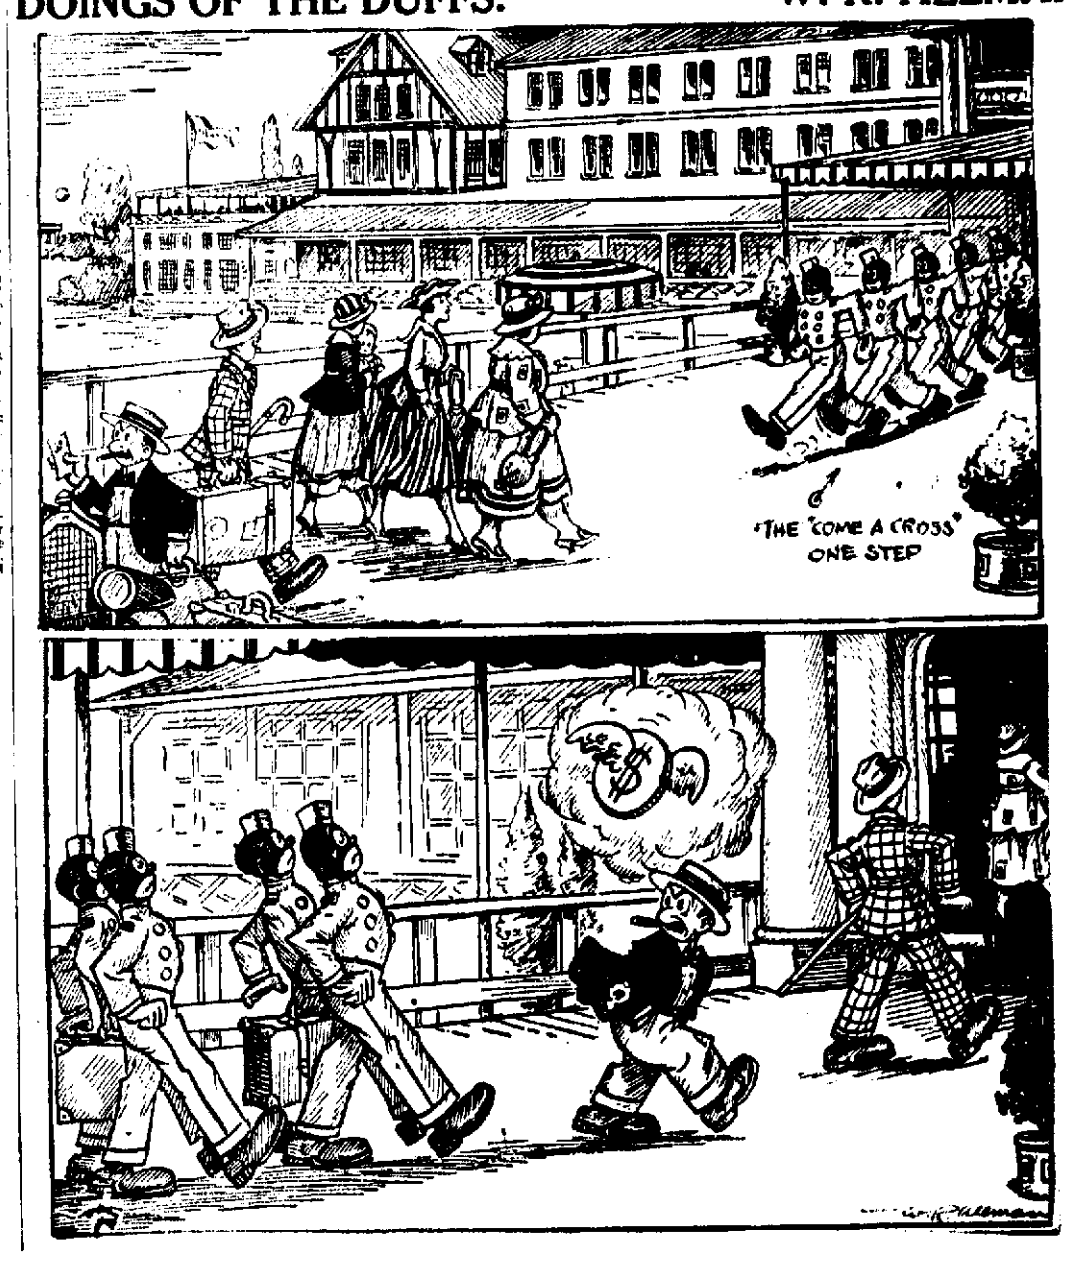

J. NORMAN SUGG BUSINESS MANAGER

Of Mt. Vernon Register; Was Former Millikin Student.

The Mt. Vernon Register, of which Norman J. Sugg is business manager, has been incorporated with a capital stock of $10,000. Maurice J. Seed, who has been the publisher for fifteen years, will be president and general manager, and Mr. Sugg, who now has an equal interest with Mr. Seed, will be the secretary and treasurer as well as the business manager.

Mr. Sugg formerly attended the James Millikin University, where he was one of the managers of the Decaturian at one time. After leaving the university here he was connected with a Hillsboro paper, but he has been with the Register for a year and a half.

DOINGS OF THE DUFFS. W. R. ALLMAN

DECATUR'S COAL DEALERS DOUBTFUL

What Action Will Be Taken By State Coal Director.

"Nobody of course knows what Judge Carter will do about the coal situation," said W. S. Ridgly Monday when asked what he thought of the probable action by the coal committee or coal director as Carter may now be called. "I suppose he will consider all angles of the situation. I know that it costs us a lot more for the materials which go into the cost of mining.

"Spikes and sheet iron are away up there and the government allows the makers to charge what they please. We cannot get those supplies any cheaper. I do not know whether coal prices will be lower or not. They may be too high in some places and too low in others but of course no one knows what changes will be made."

TOXI DRIVER WAS MUCH DISGUSTED

Jess Williams Threatens to Never Drive a Car Again.

"I'll put this machine in the garage and never drive another if it's going to cost me that much," said Jess Williams, a taxi driver, as he paid a fine of $6.80 for speeding, before Justice James O'Mara at 5 o'clock Sunday morning. Williams had been a restaurant man up until three or four days ago, when he went to taxi driving for the Forber service.

Homer Foster, charged with keeping an unlicensed dog, pleaded guilty before Justice Noble Monday morning and was fined $5.30. He resides in the 800 block North Mercer.

DECATUR HOUNDS GO TO SULLIVAN

Failed to Locate Culprit Who Cut Electric Wires.

Sullivan, Aug. 13—F. E. Colbeck's bloodhounds from Decatur were called to Sullivan, Sunday in an attempt to discover who cut some electric wires. The hounds failed to pick up a trail and no arrests were made.

Electric wires leading across the street to the office of the Illinois Public Service company, were found severed, Sunday. According to Mayor Johnson, there is a city ordinance which prohibits the Public Service company from using any of the streets or alleys for their wires. The person who cut the wires and his motive is unknown. The wires will probable be repaired at once. The damage is trifling.

MAY HUNT WIRELESS IN MEXICAN WATERS

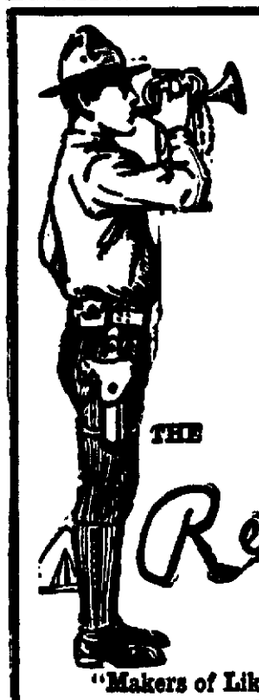

Washington, Aug. 13.—Renewed reports of hidden German wireless stations or supply bases on the Mexican Gulf Coast may lead to a search of those waters by American warships. Reports to the State Department and navy department contain no confirmation of the report of discovery of wireless stations on Lobos Island, and the coast of Campeche, but it was indicated that a careful scrutiny of southern waters might be made for traces of German raiders or supply craft.

Officials are inclined to minimise the reports of wireless stations, but a theory that German small craft may be operating along the coast is not taken so lightly.

Here Is Sammy; Learning How to "Dig In," Somewhere In U.S.

Trenching is one of the first sciences of modern war-making. The U. S. officers' training camps exist to teach war science. Dirt on the khaki and blisters on the hands do not interfere. But these Sammies, out of law offices and clothing stores and other soft-handed pursuits, grin as they dig. This is the grin which Sammy has already made famous in France, and these are some of the men who will keep it smiling there.

WHILE you are helping to make your country's history, those who must stay at home will miss you.

Your photograph will help a lot.

"Parentage"

This picture is an illustrated essay on parental influence on the factor shaping the characters of children. Parents and children alike will enjoy this picture which deals in a clean, straight forward manner with parents' duties to their children.

A Thoroughly Human Picture

in which vital questions are blended with a pleasing story of simple folk. A play in which grave situations alternate with irresistibly funny "kid" comedy.

SPRINGFIELD CAR STRIKE ON AGAIN

Springfield, Aug. 13.—No steps had been taken early today toward settlement of the strike of street car men which broke out afresh yesterday, after an agreement was signed and approved Saturday granting the operatives an increase in wages, but ignoring the union.

Miners local unions are expected to vote tonight on the resolutions adopted by their representatives yesterday creating a "defense fund," and ordering out all meters installed in the houses of miners by the car company which also sells electric current and gas. The mass meeting yesterday declined to approve a general sympathy strike on the ground that it would violate their agreement with the operators.

There was no disorder last night, and troops have not been called out today to protect company property. They are being held in readiness at Camp Lincoln.

WHEAT PIRCES DROP 11 CENTS

Chicago, Aug. 13—Announcement in general terms of the government plans to rule the wheat and flour business of the country made no important difference in the wheat market today. Prices showed a slightly increased tendency to ease off, but a downward slant of late has been the plain course of prices. For a long time too, the amount of trading done has been hardly more than enough to establish quotations. This morning business if possible was even more limited in volume, and the pit was virtually deserted. After opening 1 cent lower at $2.14 September, the market recovered to $2.15. No other option but September was dealt in to any extent whatever.

Subsequently, the future delivery market underwent a notable fall in consequence of sharp breaks in the value of spot wheat. The close was heavy at $2.04 September, a loss of 11 cents net.

CORN.

Falling off in new and for corn for immediate delivery especially to distillers continued to weaken the corn market. Optimistic crop reports counted also in favor of the bears. Opening prices, which ranged from ¼ cent to 1 cent lower, with December at $1.14 to $1.14½ and May at $1.11¼ to $1.11⅛, were followed by a moderate rally and then a fresh setback.

The fact that industries other than distillers were not bidding led afterward to further weakness in futures, but the effect failed to last. At one time, cash prices showed a fall of about 60 cents a bushel compared with last week's figures. Futures closed unsettled, ranging from ⅝ cent net decline to a rise of ¼ cent, with December $1.14¼ to $1.14⅝ and May at $1.12¼ to $1.12⅝.

Oats gave way with corn. Speculators who were the chief sellers put pressure mainly on the December option.

New high price records in the hog market strengthened provisions. The steepest advance was on pork.

FIFTEEN GUNBOATS PILOT RAILROADERS

Joe Slade and Herman Koeppe Off to England.

SAIL ON CARMANIA

Big Celebration at Halifax for Americans.

Friends of Joe Slade, former car distributor at the Decatur offices of the Wabash believe that he is now in service in France with the "railroad regiment" from a letter which has been received in Decatur. The letter was mailed from Halifax, N S., July 21, and indicated that Slade was about to move with the railroad regiment for Europe

The letter gives a graphic account of the preliminary training through which the Wabash companies for the regiment, numbering about a thousand men were put through at Chain of Rocks, Mo., just north of St. Louis.

OFF TO ENGLAND.

"We expect to sail from here for England via. Liverpool on Wednesday, and I expect that by the time this letter reaches Decatur, we will have reached England, that is if we have no bad luck, and I surely hope that we do not.

"We will sail on the transport Carmania with about 3,000 men, the whole of the railroaders We will be accompanied over by about fifteen gunboats, so you see what kind of care they are taking of us. The men are all in the best of spirits and are feeling fine I like the life fine and am feeling the best ever.

KOEPPE WITH HIM.

"Herman Koeppe, another Decatur boy, a fireman I believe, is in the same company with me. I am in Co A, 2nd U. S Engineers, which as you know is for the most part, made up of railroad men.

"When we arrived in Halifax, they had a big celebration there for us. They certainly seem to appreciate the Americans It is easy to see that the war has had a deep effect upon the people there

The letter was held up in Washington, and showed signs of having been thoroughly censored.

NEW DOCKS AT KARNES?

It is practically certain that the Wabash will not rebuild the Mt. Olive coal docks which were recently destroyed by fire. The coal mines at Mt Olive are the most productive mines of the whole Wabash system but the field is opening up to the south of the former field.

This gives rise to the belief that Karnes will be the site of the new docks, owing to the fact that it is nearer the center of the field and the fact that some extra ice yards are being put in there

The Wabash depends for a large part upon the mines on the south end for their supply of coal, and heretofore Mt. Olive has been one of the biggest producing points in that section The coal field shows however is gradually shifting to the south and will offer more advantageous location if the loading facilities accompany the shifting of the field.

COAL SHIPMENTS HALTED

Practically all of the coal shipments from the Wabash mine on the south end have been stopped on account of the miners strike which is affecting the mines in southern Illinois Pending the settlement of the difficulties between the miners and the owners, no cars are being loaded for shipment.

Wabash Men to Bloomington

Representatives from the Wabash shops are planning to attend the Labor Day celebration in Bloomington Sept. 3 It is not definitely decided how many men will attend the celebration there, as it is not known how many men can be spared. All who can go however, are planning to attend

BIG FUNERAL FOR MRS. FOLEY

Services Held at Dalton City Church.

The funeral of Mrs. Catherine Foley was held at St. Isadore's church at Dalton City Monday morning at 10 o'clock, and was the largest funeral held there in years. Farmers in that neighborhood stopped their threshing in order to attend.

Rev. Father Davis was celebrant, Rev. Father Kern of Dalton City, deacon, Father Crowley, sub-deacon, and Father Smith master of ceremonies. Music was furnished by the choir of the church, with Grace Morrison at the organ

Flower girls were nieces of the deceased woman. They were Mina Wehmhoff, Julia Hickey, Helen Conlon, Mary and Gertrude Madigan and Sarah Reedy. The pallbearers were nephews. They were John and Nicholas Hickey, John and Dan Madigan, John and Ed Foley, Henry Conlin, and Merle Wehmhoff

W. T WARFIELD

The funeral of W. T. Warfield will be from the residence at Cerro Gordo Tuesday afternon at 2 o'clock.

GO AFTER DRAFT DODGERS IN CITY

Chicago, Aug 13.—Registered men here who have sought to evade military duty by ignoring orders to appear before the exemption boards or by remaining in hiding, were placed today upon the list of those certified for service This procedure was followed by many local boards and is known to have the approval of higher draft officials. Federal agents have been given the names of the men and will attempt to find them.

The round up of slackers continued here today. It has been found that men from other cities have come to Chicago recently, hoping to lose their identity here. Police are making a house to house canvass of all residential districts. Forty-six men, alleged slackers, were arrested in one district last night which is said to have been the scene recently of anti-draft demonstrations.

No Woodmen Picnic.

Woodmen of Decatur and Macon county will not have any big picnics this year. Camp No 1824 at its regular meeting last Wednesday night, voted to abandon its plan for a picnic this year.

FLOUR ON SLUMP; SUGAR ADVANCES

Indiana Watermelons on Market Soon.

Flour was marked down 10 cents a sack Monday morning and is now selling at $2.15 for fifty pounds. Sugar in some stores was marked up to $2.60 a 25-pound bag, but in several places was still selling at $2.50.

Good peaches were on the market and are still selling at $3 a bushel basket, but commission men report that the prices are nearly that high at the shipping stations and it seems now as if peaches would be higher before they are cheaper.

Indiana watermelon growers sent word that they would begin shipping today. Cool nights and cool days are not good watermelon selling days and the holding of the prices around 40 to 50 cents each has made the sale rather slow It is expected that the Indiana stock will be a little cheaper and also probably better flavor

Potatoes are still selling at 50 to 60 cents a peck

BULLETINS FROM TYPHOID PATIENTS

A new case of typhoid fever was reported today in the home of William Dunham, 443 South Boyd street. A ten year old boy has the fever

Two of the patients were taken to the Macon county hospital Sunday Dr. A. L. Ward, who has been quite ill for a week, was taken out and today he was slightly improved His son, Elton, is still at home and is doing nicely Miss Ava Bowman was also taken to the Macon county hospital Sunday but her condition remains about the same Her two sisters are greatly improved.

Miss Charlotte West is still holding her own and at times she seems better.

Ernest Hartman is better, as is also Robert Orr.

Fale Hurd is recovering rapidly now after being seriously ill for several weeks.

There is still no change in the condition of Mrs Page Proctor, but her son, George, continues to improve.

Mrs. C J. Van Deventer seemed better today and her temperature was almost normal.

GREAT DAY FOR SEEING THE FIELDS

Hundreds of Cars Drive Through Country—Hear Big Crop Stories.

Sunday was one of the finest days of the season to drive and hundreds of cars were out in all parts of the central part of the state.

Cars went to all of the neighboring towns and parties spent Sunday noon at many places eating picnic dinners. The day was neither too hot, nor too cool, somewhat dusty, but otherwise unexcelled for seeing the great fields of corn and stubble with straw stacks and shocks of of grain and city folks returned to their homes with a better opinion than ever of the scenery of this part of the world

One man who spent most of the afternoon driving through the country would stop to talk with the farmers whom he might see near the roads and he had some interesting experiences

One man told him that he had threshed his wheat and oats and that one twenty acre field had turned out 40 bushels of wheat and another field of the same size had made 30 bushels to the acre and that his oats had made 91 bushels. He had sold his wheat at $2.10 a bushel and the last thing he talked about to the city man was the high price he had had to pay for some corn meal recently.

NARROW ESCAPE FOR MAN IN AUTO

He Glared at Another Driver and Street Car Came Up.

Two prominent business men staged a thriller, ending in comedy, shortly after noon hour at the intersection of North Main and Prairie Monday. One was driving a great big touring car north on the east side of Main, while the other was coming west in a roadster on Prairie. Both were exceeding the speed limit, but not to an extreme The roadster, however, starting to turn south on Main, did cut the intersection in a fearful manner Then the driver, looking up and seeing the big car right in front of him put on all the reverse English he had and swung back to the north, the car almost going up on two wheels

In the meantime the driver of the big car was also doing a quick job at the wheel and he ended up at the Bachman store curb The comedy came when the driver of the roadster fixed a frigid stare upon the driver of the big car, intimating that the blame was in that car. He continued to stare as he completed an entire circle in the street intersection Just then a street car sneaked up behind him, the gong ringing but not until the street car was within a foot or two, did the driver wake up, put on the gas and flee down the street He had two escapes by the width of about a foot in about five seconds. Bystanders stood around, breathless at first, and then laughing.

"DEEP PLOWING THE THING FOR WHEAT"

Spangler Says Old Theory of Shallow Discing Does Not Produce Big Crops

"I see that one of the large land owners of Macon county says he will henceforth disc his wheat ground instead of plowing it," said a Spangler of Oreana "My prediction is that he will never do that but once We all used to believe in shallow plowing for wheat. Two years ago Dennison and Gerber of Argenta plowed their wheat ground with a tractor and plowed to a depth of nine inches. They raised fifty bushels to the acre. I plowed my wheat ground that year five inches deep and raised forty-seven bushels.

Last fall my neighbor on either side of me was doing the usual shallow plowing while I was plowing deep. They ridiculed me for putting my horses so hard when shallow plowing was better. I haven't threshed my wheat yet but I have three shocks to their one. I believe my wheat will yield fifty bushels to the acre.

OVER 7,000 IN THE RED CROSS

Membership Reports Are Turned In.

Twenty-five new members were added to the roll of the Decatur chapter of the Red Cross Monday morning from the Suffern-Hunt company and this brought the officially reported number of members to 6,771.

Final and formal reports were to be made Monday afternoon at 4:30 o'clock to the executive committee of the Decatur chapter of the Red Cross by the chairmen of the committees having in charge the recent canvas for members in Decatur. Miss Belle Ewing will report for the women and C. H Leon for the men's committee.

As stated in The Review Sunday morning, Miss Ewing will report a total of 871 members secured by the captains appointed by the committee of the women. Mr. Leon at noon Monday thought that he would have nearly 100 names above the number already reported for the men from the city campaign.

REACH 7,000

It is likely that some reports from the county will not be in for the meeting today but is expected that the total membership in the county will be 7,000 when all reports are in the hands of the committee.

WORK BEING DONE.

The work committee of the Red Cross was busy preparing a report to be made to the executive committee of the organization at 4:30 that afternoon. The report was to include a list of all the work done at the headquarters and involved the checking up of all the garments and supplies on hand and the figuring out of all that had been shipped from the Decatur chapter.

The outside branches also sent in for supplies of material for the work in the different branches this week.

Monday is the day usually taken by the Decatur workers to catch up on their own home work and the headquarters is usually occupied with getting supplies ready for the work later in the week.

CO. L WORKS HARD AT CAIRO CAMP

Not Expecting Orders to Go South For Three Weeks—Drill Every Day

Relatives of Captain Lutz Krigbaum of Company L still have no definite word from him as to when the company will go to Texas camps. However it is generally believed that it will be about three weeks yet and that in that time, officers of the company will be expected to get the new recruits rounded out into some sort of shape to be able to look after themselves and stand camp life. They are now going through the hardening process with much drill work every day. A card from Sergeant Meisenheimer states that all of the new men arrived in Cairo in good shape.

NEW WEIGHTS TO GOVERN DRAFT

Men Previously Disqualified Must Serve.

The exemption boards are expecting to be able to publish some of the names of those accepted and rejected in the selective draft examinations one day this week Just when the lists can be ready is not known. John Allen of the city exemption board has prepared a schedule of weights giving the weight requirement according to height according to army regulations, which were used in making the physical examinations, and also showing the amount of reduction that the boards can make under the new ruling

HEIGHT AT MINIMUM.

Men who have been declared as disqualified on account of low weight can tell by looking at this table whether they are qualified. If their present weight according to their height equals the minimum in the table, they are qualified to serve unless they have other physical disqualifications, and their names will go on the qualified list.

ABOUT NOTARIES

Some young men who want to make affidavits for exemption have complained that notaries public demand pay for making out the papers A member of the exemption board said Monday: "The men could come here and have the papers made out at no expense, but many of them live in the country, and it would cause them to lose much time from their work when every hour counts. There are notaries near their homes, and it seems to me that they should consider it a patriotic duty to make out the papers without demanding any pay for their services, especially at this time when so many people are donating practically all their time free to some sort of work for the government. I hope the notaries will think of this and do this small favor without demanding pay for it."

CARL J. MOORE IS 1ST LIEUTENANT

Decatur Man Gets Promotion in Navy.

Lieutenant Carl J. Moore has been advanced from the ranking of junior lieutenant in the navy to first lieutenant, according to a message received by his father, Admiral C. H T. Moore Monday. The appointment has been confirmed by the senate. Warren L Moore of Monticello also received a similar promotion

The advance for Lieutenant Moore corresponds to the advance from first lieutenant to captain in the army, and carries with it an annual increase in pay amounting to $400. At present Lieutenant Moore is on the U. S. destroyer Balch, although the whereabouts of the boat is not known.

ALIEN COOKS CAN GET GOOD PLACES

Government Makes Exception for Chefs for Training School.

Are you a cook or baker and do you want to cook for Uncle Sam's men? The local naval recruiting station has just received a letter from headquarters in Peoria urging this office to enlist any cooks or bakers it can find to work at the naval training school at the Great Lakes station. There is a great shortage of cooks there

Even aliens, who are citizens of countries with which the U. S. is not at war, can apply and secure a job as cook or baker, provided they furnish evidence showing they have taken out first citizen papers. In case of the latter, full U S. citizenship will be granted after one year's service.

Only one man was sent from Decatur to Peoria through the naval office Monday, this being J. T. Dereamiah of St. Elmo, who was enlisted last week.

TAFT MAY SPEAK FOR RED CROSS

Formes President Probably to Appear Oct. 20.

COMES FROM OMAHA

Daniel Bonus' Committee Will Decide on Matter.

Former President William Howard Taft may speak in Decatur on Oct. 20. At least he is offered to Decatur as a lyceum speaker on that date. The offer came to Superintendent J. O Engleman this morning from The Players of Boston. Ex-President Taft speaks in Omaha on Oct 19 and is available for Decatur on the following day.

Mr. Engleman regards Mr. Taft as one of the most delightful speakers that he has ever heard. He has passed the offer on to the entertainment committee of the Red Cross of which Mr. Bonus is the chairman The committee will promptly consider the matter and decide whether or not Mr. Taft will be brought to Decatur.

CHARGE A FEE.

It will cost a good deal of money to bring Ex-President Taft here for one address. Of course it will be necessary to charge an admittance fee but it is possible to sell enough tickets to cover the cost and earn a handsome sum for the Red Cross. Mr. Taft has spoken in Decatur several times before One occasion was while he was president and was on a campaign tour of the state He was making several speeches every day from the rear end of his train and he was not heard at his best He was tired and hoarse and hurried He has also talked at the university.

The players have offered Mr. Taft to Decatur because they have previously furnished high class attractions to this city which have been received flattering appreciation. It is probable, too, that they are also dickering with other cities to place Mr. Taft for that date and they therefore advise that if Decatur wants him to telegraph the acceptance

MANY DENTISTS NOW NEEDED IN ARMY

Their Special Skill in Face Surgery Now Recognized—Four to Regiment.

The call for the Decatur dentists to go to the army work for which they have volunteered emphasizes the importance which is being given to dentistry in the army at this time.

In the old days when the way to cure a tooth was to destroy it and when the dentist was looked upon merely as a tooth puller the standing of the profession in the army was not high

Now, with the fine developments in dental surgery and the recognized value of the teeth in the up keep of the human machine for either work or fighting, there has come a better understanding of the need of skilled dentists in the army

Trench fighting has also resulted in an increased number of face and jaw wounds which the modern carefully trained dentist is particularly well equipped to treat. Where one dentist was formerly considered enough for a thousand men now four are considered none too many

PROTEST AGAINST METER SYSTEM

Property Owners Appear Before City Council.

CLAIM HIGH PRICES

Hearing Before the Public Utilities Commission.

A dozen or more property owners who are consumers of steam heat from the Decatur Railway and Light company, appeared before the city council Monday morning to protest against the proposed change from the flat rate to a meter rate, on the part of the company. The matter is now before the Illinois Public Utilities Commission and will be heard next Monday in Springfield

Corporation Counsel W J Carey stated that he had written to a number of cities to inquire about meter rates, and has had replies from several where the flat rate prevails, but where meters are being experimented with. He said that according to these reports the meter rates were unsatisfactory. Mr. Carey said that no doubt the meter would be the proper thing if it could be used equitably but that he understood that the water forced through the meters Registered along with the steam, which was not fair to the consumer

THOSE WHO PROTESTED

Henry Abaly, John P Schroll, P Stine, Edwin Kuny, Mr Clark, Dan Macknet, James T. Whitley, Fred Wilson and several others talked for the objectors Mr. Abaly said that the meters had been tried here and that the rate was so exorbitant that the meter rates were not being charged He said 80 per cent of the patrons of the company used the gravity system He has been paying $70 a year for heating his house and the company wants to raise him to $102 He said to change from the gravity system which was put in according to specifications of the company and install the vapor system, it would be necessary to practically tear the houses to pieces and go to the expense of changing all of the radiators He claimed that the company also wants to charge $4 50 a month for the service in addition to the meter rates

DOUBLED RATE, HE SAYS

J. L. Drake said that a meter was placed in his building and it more than doubled the rate he had been paying

B. Stine said he knew of a house that had paid $12 a month on the flat rate and when put on a meter the rate was $50 a month

Mr Clark said his rate had been $ a month and when the meter was put in it was increased to $45 a month

On motion of Commissioner Ruthrauff the corporation counsel was instructed to attend the hearing in Springfield next Monday and represent the city and protest against the change It seemed to be the opinion of the counsel that since the company was granted its franchise on a flat rate basis the Public Utilities Commission would not allow the company to change unless the city was willing

MEETING CALLED.

Henry Abaly has called a meeting of all consumers of city steam to be held in the Iroquois hall, Stein building, at 7:30 Tuesday evening They will discuss the proposed change from flat rate to meter rate and take some action.
